THE PARADE OF

Modern Roses AND PERENNIALS

"The Best New

As you go through this catalog, you will see an amazingly wide choice of red, yellow, white and pink roses . . . many brand-new varieties, all the old favorites—

a really fine selection of "standard" rose colors. But I think you will be even more amazed by the great number of *brand-new colors* in roses—exotic, brilliant *modern colors* like the deep bronze of Bronze Masterpiece shown at the left; the luminescent orange-coral of Hawaii on page 6; the shining orange of Tanya on page 4, to name but a

Bronze Masterpiece

(Above) A regal bloom on a plant to match! An exciting color well set off against beautiful dark lustrous green foliage and a tall, vigorous plant. Large, $5\frac{1}{2}$ to 6-in. flowers are long lasting and retain their beauty until the petals drop. The color is good at all times, especially in the summer and fall when it deepens to its best shades. Large, long, exhibition-form buds have a coppery old-gold color and the flower opens slowly to bronze-apricot, deeply veined with gold, then moves to orange-yellow and finally to a deep firm yellow. Because of the excellent substance of the petals, the flower holds its form and color beautifully and does not suffer bleaching or burning in the sun. 4-ft. plants fill in well during the season. They are disease resistant and are continually giving new flowers. The plant will do well all over the country. (Pl. Pat. Applied For.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

(Right) Here is an intensely fragrant, rich blood-red Hybrid Tea. Excellent urn-shaped buds are borne on long, sturdy stems. Even in the hottest weather the high-centered blooms remain very full and heavy. Flowers open well under all conditions, and the color is far superior to other reds in hot weather. Exceptionally free-blooming plants produce more flowers than many other reds presently available. The continuity of bloom is outstanding. Plants attain a height of 3 to 4 ft. by the end of the second season and increase in size markedly thereafter. The bush is very compact, round and full and never looks leggy, and it makes a good specimen shrub even when not in bloom. The buds and flowers are perfect for cutting. Plant it now and let this brand-new beauty fill your garden with loveliness for years to come. You will love its fragrant blooms. (Pl. Pat. Applied For.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

Orchid Masterpiece

(Above) A striking new Hybrid Tea! Another in the series of lavender Roses. This one is lavender, flooded pink, with extremely interesting orchid variations. Long

slender buds are a lively deep orchid. As the flower opens, the orchid and lavender shades predominate, and an entirely new tone is added to the range of Hybrid Tea colors. At first there is often a novel variation of lavender and orchid on the outer petals, which eventually passes to a complete orchid shaded lavender when the full opening is achieved. The flowers are large . . . 5 to 5½ in. in diameter at their best. They have a beautiful form and open slowly, with well-proportioned petals from the outside right to the center of the flower. Blooms are drenched with an interesting sweet fragrance, and they keep well on the plant as well as when cut. The hardy, bushy plant reaches 3 ft. Its free production, pleasing color, luscious fragrance and beautiful form will make this a garden favorite. (Prop. Rights Reserved.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

Tanya
Personality
Orchid Masterpiece

Value \$9.50 Save \$1.20

Only **\$8.30**

Tanya (Left) Long, slender, lively red-orange buds open gradually and gracefully . . . petals expand . . . and finally an exciting garden and show Rose is born . . . in a color entirely different from any other . . . and beautiful always. The early-morning sun gives an iridescent sparkle to the glowing, radiant orange, 5 to 5½-in. blooms. The neat, orderly unfolding of the petals produces shadows in the half-open flower, making this high-centered beauty even more entrancing. Gradually the marvelous orange color spills into the center of the flower. In different parts of the country, the deep orange color varies from burnt-orange to apricot-orange. 2½ to 3-ft. plants spread well and hang on to the highly disease-resistant foliage. A seedling of the world-famous Peace Rose, Tanya has retained the large flower size and the glossy deep green foliage of its parent. (Pl. Pat. #1712.)

\$3.50 each; 3 for \$9.20; 12 for \$35.70

Tanya

© J. & P. CO.

Pink Duchess

© J. & P. CO.

Pink Duchess

(Right) In the early stages, Pink Duchess is almost a bi-color. The large, oval pointed bud is golden, and this reverse tone softens and gradually becomes suffused with the clean, scintillating pink. Flowers are of true Peace form, but each 5 to 6-in. bloom has 10 to 15 more petals than Peace, with a shimmering glow that makes it visible from far away . . . the focal point in any Rose planting. Covered with large, rugged foliage, the 3 to 4-ft., bushy plant grows vigorously in the South and is amazingly winter-hardy in the North. Testers praise it for its exhibition possibilities, its size, productiveness and beautiful color. (Pl. Pat. #1834.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

(Test No. 51-9-600M)

Personality

(Left) Personality is another new seedling of the renowned Peace Rose that retains many of the desirable characteristics of its parent. The large, full, $4\frac{1}{2}$ to $5\frac{1}{2}$ -in. blooms have petals of excellent substance. Open blooms are high centered and fragrant. The ovoid buds are a little longer and more attractive than the bud of Peace. The outstanding difference between the two varieties lies in the more intense coloration of Personality.

The basic color is a rich golden yellow overlaid with generous splashes of red, especially along the petal edge. During cooler weather this variety is very highly colored and very attractive. In the hottest part of the season, the yellow is not so intense nor is the red, but at all times the color is much more decided than that seen in Peace. The $2\frac{1}{2}$ to 3-ft. bush is full and compact, developing slowly. Of the very large-flowered varieties, Personality is one of the most free blooming now available. Foliage is dark, thick and glossy. (Prop. Rights Reserved.)

Duet

(Right) This new 1961 All-America Rose Selections winning Rose is a Hybrid Tea displaying two unusually warm and lovely shades of pink. The inner face of the petals is a soft salmon-pink, while the reverse is a rich shade of near crimson. Both colors are very unusual, and they make a delightful combination. A beautifully formed bud, not long but almost perfect in all stages, opens up to a handsome, medium-size bloom with 30 to 35 firm, lasting petals. One of its extraordinary features is the way in which the flower retains its lovely color and form equally well in heat or cold, moist weather or dry. The plant is extremely vigorous, well above average in size and thickly covered with handsome foliage. It is exceedingly floriferous, producing literally hundreds of blooms in a season, a new burst of bloom following right on the heels of the last. This brand-new Rose is just about perfection in a garden variety. It's a new color combination that will brighten up any garden. Plant it this fall and let it beautify your home and garden. If you plant it now, early next spring you will be rewarded with hundreds of these two-toned beauties. (Pl. Pat. #1903.)

The First 2 Roses to be Honored as "THE ROSE OF THE YEAR"

1959 ROSE OF THE YEAR

1960 ROSE OF THE YEAR

Kordes Perfecta

Hawaii

KORDES PERFECTA (Left) Once you see Kordes Perfecta blooming in your garden, you'll quickly understand why it was overwhelmingly selected by a nation-wide test panel of 5,000 home gardeners as the first "Rose of the Year"! What an intriguing color combination . . . it's white . . . it's red . . . it's yellow . . . it's completely different from any other Rose in existence! Basically cream-white, this magnificent new Rose is lined with red as if the edges of its petals were dipped in light carmine. This rich, warm red color spreads throughout the flower as the buds open, revealing a suffusion of yellow. All season long, this vigorous, 3-ft. plant produces an unusually large number of perfectly formed, long-lasting, fragrant, exhibition-size Roses—each one up to a full 5 in. across! Fully double, with 65 to 70 petals. Yes, here is the glorious creation that was chosen as the outstanding new Rose for 1959. It's so beautiful, so colorful, so fragrant, so hardy, so easy to grow, so perfect in every respect. Be among the first in your neighborhood to proudly display this fabulous beauty. You'll find Kordes Perfecta a thrilling and eye-catching addition to your garden. Plant it this fall and let this beautiful "Hybridizer's Dream Rose" fill your garden with loveliness, starting early next spring and for years to come. (Pl. Pat. #1604.)

HAWAII (Right) Have you ever seen such a warm, glowing ORANGE-CORAL blend—a color as exotic and sultry as Hawaii itself? No wonder it was chosen by 10,000 home-test gardeners as THE ROSE OF THE YEAR FOR 1960. Each plant boasts scores upon scores of these gorgeous orange-coral blooms, each one well over 6 in. across. Yes, each bloom is that large, and amazingly fragrant . . . with a pronounced raspberry scent. Furthermore, Hawaii is one of the hardiest, best-growing Roses ever created. And what a plant . . . tall growing, with clean branches that carry 5 or 6 flowers. Glossy foliage shows tints of red as the cooler fall days approach. It blends easily with many other varieties and is an excellent focal point either in arrangements or in garden plantings. The color, the fragrance and the overall charm promise a bright future for this Rose. It is an exciting new Hybrid Tea, with a dynamic new color for the Rose world. (Pl. Pat. #1833.)

Sterling
Silver

Sterling Silver (Above)

There are many fine red, yellow, white and pink Roses in this catalog, but there's only ONE Sterling Silver! Just look at the color... warm, regal silver-lavender... as rich as its namesake. Imagine magnificent Roses like these in your garden all season long—huge, silver-lavender blooms... unlike any other Rose you've ever had! As spring arrives, tight pink-lavender buds open slowly... stretching into glistening silvery blooms... each a full 5 in. across. And the sweet fragrance is so satisfying! The bush is medium tall and upright, vigorous and free blooming, with leathery, dark green foliage. Enjoy a totally different color by planting Sterling Silver. You'll love it in your garden and in your home, too... for its dainty form and novel color make it a "must" for any flower arranger. This is the variety around which is centered the Sterling Bowl Tournament, held annually at our Festival of Roses, at the Newark Rose Garden. (Pl. Pat. #1433.)

(Above) The graceful flowing lines of the long golden buds catch the eye immediately. As they mature, an occasional blush of red caresses the edges of the slender, 1½ to 2-in. buds. Throughout the entire season they unfold slowly, giving way to majestic, high-centered flowers of rich golden yellow, carried on long, sturdy stems. Imagine a plant with constantly repeating, radiant blooms that often reach 6½ to 7½ in. across, with a full but open center. From the start, the golden bud stops the eye, and the shapely, long-lasting flower keeps one watching it to the end. Even before these magnificent flowers appear, the bush adorns itself with nearly perfect, glossy green foliage. Its extremely

pleasant old Rose fragrance will fill your garden. It's perfect for cutting. No matter how many Roses you already have, or what colors they may be, you need Golden Masterpiece. Just picture the biggest, fullest, most exquisite Rose you ever saw, bathed in a shimmering, shining coat of gold . . . and there you have Golden Masterpiece. Yes, here's the biggest yellow Rose you ever saw. There has never been another "yellow" like it. For sheer size, it's in a class by itself . . . and for sheer beauty it is second to none. Truly the "million-dollar Rose." The Largest Yellow Hybrid Tea Rose in Existence! (Pl. Pat. #1284.)

9

Pink Lustre (Above, Left) A very large, tall-growing, cool pink Hybrid Tea. Luxurious flowers of exhibition size and quality open slowly and gracefully. The rippling petal edges are a deeper pink, which gives a lovely variation during blooming time and also a real lift to the self pink of the blooms. Ovoid buds are deep rose-pink. When fully open, the 4½ to 5 in. flowers are lovely. Handsome dark, polished foliage. Widely used for exhibition. Well-balanced, disease-resistant plants grow 2½ to 3 ft. (Pl. Pat. #1641.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Aida (Left) The rich spectrum-red color of the blooms is deeper and more lustrous in the slowly opening buds. Finishing a clear, clean rose-red, the 5-in. flowers are always lovely. These gracefully cupped blooms are richly fragrant from the bud stage to the final petal loss, which greatly enhances their charm. The plant is symmetrical, about 3 ft. high, and is covered with very attractive, rugged green foliage. Plant it this fall and make your garden the envy of the neighborhood. (Pl. Pat. #1639.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Aida

White Swan (Above) Here is a white Rose that the gardening world adores . . . as upright, vigorous and free blooming as Roses of other colors. The long graceful buds slowly open into 3 to 4-in., high-centered, pure white blooms—and because they grow on 24-in. stems, they are perfect for cutting. Vigorous, 3 to 4-ft. plants are sturdy and upright, with ample, disease-resistant foliage. The fragrance, although not dominant, is very effective. Good white Roses are rare; don't overlook this one. It's a real prize, especially for exhibiting. (Pl. Pat. #1115.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Arlene Francis (Below)

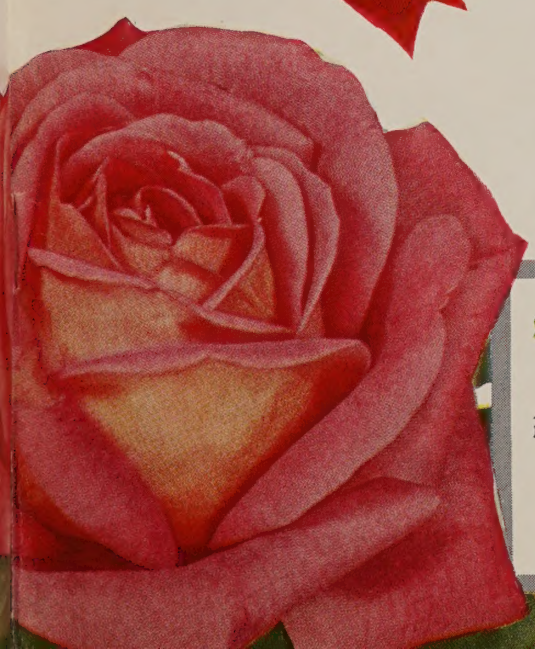

A golden yellow Hybrid Tea with an unforgettable fragrance has been chosen to bear the name of the equally unforgettable stage and television star. Vigorous and prolific, it produces masses of flowers, and wherever the plant is cut, it repeats with brand-new shoots. Golden yellow buds develop into flowers which average 20 to 25 petals, each bloom opening to approximately 5 in. across. Medium tall; very hardy. Glossy dark foliage. (Pl. Pat. #1684.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

Gail Borden (Left, Below)

A warm combination of pastel pink and apricot tints. The high-centered bud, soft yellow outside and lovely glowing apricot inside, opens gradually to an immense flower of warm pink. The 5½ to 6-in. flower exudes an over-all feeling of friendliness. Tall plants with luxuriant, dark shiny foliage, unusually healthy and handsome. A beautiful full Rose with as many as 70 petals. (Pl. Pat. #1618.)

New Yorker

BEST RED

(Above) The universal appeal of the Red Rose is justified in New Yorker. It displays immense blooms of resplendent scarlet with dark overtones of a rich velvety hue. New Yorker, the epitome of Red Roses, dresses itself in red from beginning to end, starting with the new shoots of bright red. Buds of perfect form and texture open slowly to tremendous, fragrant, sparkling red flowers—often 6½ in. across. The sparkling color does not fade but stays a deep rich red until the last. Not only is the color long lasting and sun resistant, but the plant is upright and vigorous. The 3 to 3½-ft. bush, vigorous and easy to grow, is adorned with healthy foliage. It produces a continuous succession of bloom from June right up to frost. When most people think of a Rose, they picture a delicately formed, deep red flower with soft, velvety petals and rich fragrance. Well, that's New Yorker—everyone's dream Rose come true . . . a Rose that experts and amateurs consider to be "the BEST RED ROSE OF ALL TIME." Magnificently formed blooms of enormous size continue without interruption all season. (Pl. Pat. #823.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Enchantment

(Above) A delightful, ever-blooming Hybrid Tea that will be a high spot in your garden. Early in the season, it develops a great display of large, stately buds, apricot-tinged outside, deepening to clear yellow at the base. These open gracefully with high-centered form, producing huge, long-lasting blooms of entrancing peach-pink color. They attain 6 in. across at maturity, with as many as 35 glorious petals per flower. Plants are vigorous and upright, growing from 2 to 3 ft. high, with a wealth of dark green, disease-resistant foliage. It required years of careful breeding by experts to create this truly distinguished Rose. The bush is never without flowers from June to late fall. (Pl. Pat. #737.)

White Queen

BEST WHITE

(Above) A sparkling white Hybrid Tea! One of the Best White Roses of recent years. White Queen is slender in bud, with graceful high center, opening to a pure white, 4½-in. flower. The really stark white, open flowers last very well. Petals are stiff and very resistant to wind and rain. Somewhat more vigorous than most recent whites, for it has been strengthened by the addition of Floribunda blood for this purpose. The plant grows about 3 ft. tall and makes very neat, upright growth. Excellent foliage is medium large, of a rich green. The sparkling white flowers are exquisite for arrangements in the house and give an air of sharpness and cleanliness in the garden. White Queen has commanded much attention in our test gardens, and the comments have been most favorable at all times. We like this variety very much and know it will make a place for itself. It belongs in your garden. Plant it this fall and early next spring you will be rewarded with strong, graceful blooms. (Pl. Pat. #1762.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

Diamond Jubilee

BEST BUFF-ORANGE

(Above) The loveliness and perfection of this handsome Rose will amaze you when its enormous flowers appear. You'll agree with the experts who voted it top honors in the 1948 All-America Trials. The blooms of unsurpassed loveliness on a plant which is attractive in itself give undeniable proof that the Rose is the "Queen of Flowers." The color is warm glowing buff-orange, deeper in cooler weather, with a radiant sparkle from a touch of orange-yellow at the base of each petal. Often 5 to 6 in. across, the many stately flowers on every plant are fully double and high centered. The many heavy-textured petals do not fade or burn even in warm weather, but rather intensify in color as the flower opens. Rich soft old Rose fragrance. Diamond Jubilee lasts exceptionally well on the bush and as a cut flower. Warmth of color, perfection of form and rugged vigor are yours in great measure. The plant is sturdy and full, well clothed with rich dark foliage, and the constant succession of flowers is held erect on long strong stems that make it excellent for cutting. (Pl. Pat. #824.)

Queen Elizabeth *(Right)*

FIRST GRANDIFLORA TO WIN ALL-AMERICA TRIALS

The superb pure pink shade found only in the choicest Cattleya orchids has at last been captured in the gorgeous Queen Elizabeth Rose. A lovely new color and a new class as well, for this is the first of the new Grandiflora class, named for its abundance of flowers combined with the magnificent qualities of the Hybrid Tea. The unusually clear, glowing blooms are a subtle and breath-taking blend of soft carmine-rose and dawn-pink, majestically set off by deep green, heavy-textured, glossy foliage, abundantly clothing the bush to the ground. The well-shaped plant grows unusually tall and is of good proportion. Exceptional vigor and disease resistance insure healthier, more luxuriant growth all season. The blooms, borne on long, almost thornless cutting stems, grow more beautiful with age. (Pl. Pat. #1259.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Queen Elizabeth

Peace *(Below)*

ONE OF THE MOST POPULAR ROSES EVER CREATED!

Peace has held a distinguished place among yellow Roses since the day it was introduced! The ovoid buds are golden yellow etched with pink. As they open, they change from canary-yellow to pale gold, to iridescent cream. Petals are edged with apple-blossom-pink that deepens as the flower slowly opens to glorious 5 to 6-in. size. Individual petals are large, numbering 40 to 45, and roll gracefully outward. Delicate fragrance. The plant is as superior as the bloom, hardy . . . vigorous . . . disease resistant. Height 3½ to 4 ft. (Pl. Pat. #591.)

SPECTACULAR NEW ALL-AMERICA WINNER!

(Right) This spectacular new Hybrid Tea, All-America Award Winner for 1960, boasts the most illustrious of parents in Charlotte Armstrong and Peace. And besides inheriting many of the fine characteristics of each parent, it adds some desirable new qualities. The blooms are a combination of soft pastels. Rich ivory at the flower's heart gives way to creamy tones and finally to a pronounced flush of apple-blossom-pink at the outer edge of the 25 to 30 wide flaring petals. The flower is huge, often as large or larger than Peace, yet it has a lovely bud and marvelous open bloom. Plants are well balanced, vigorous, free branching. Easy to grow. (Pl. Pat. #1814.)

\$3.00 each; 3 for \$7.95; 12 for \$31.80

Peace

THIS LABEL IS

Your Guarantee

OF THE FINEST QUALITY...

Twilight (Left)**TRULY UNUSUAL COLOR...LAVENDER-LILAC-SILVER!**

A lovely pastel tint of lavender-lilac with a light silvery reverse. Twilight is one of our series of lavender and lilac-shaded Roses, which we have been developing from the Grey Pearl and Lavender Pinocchio strains. The bud is pointed, opening gradually to a high-centered bloom of average size, with moderate fragrance. The pastel tints make it perfect for formal and informal arrangements, for both professional and amateur arrangers. Flowers are usually borne singly, on 12 to 15-in. stems. The plant grows 20 to 24 in. high and has excellent foliage of deep, dull green. (Pl. Pat. #1434.) \$2.75 each; 3 for \$7.20; 12 for \$28.80

Konrad Adenauer**ONE OF THE WORLD'S FINEST RED ROSES!**

(Below) This beautiful Rose was named for the world-famous Chancellor of Germany at an immense international garden show at Hamburg and gained immediate popularity. This sleek, ravishing Hybrid Tea was a real "show-stopper." This beauty captured the eye and heart of everyone—actually stole the show from a display including the largest assortment of flowers ever exhibited. Spectators were held spellbound by the huge, pointed, dark red buds . . . lovely buds that open ever so slowly to a blood-red . . . and finally to a darker shade of red that reflects a luxurious velvety sheen! Blooms freely during the entire season . . . and the plant itself is extremely healthy and vigorous! Proud and upright, this hardy beauty grows on a strong stem and neck. The high-centered form and slow-opening characteristics . . . plus the dark red color and outstanding fragrance . . . have actually sky-rocketed this unusual Hybrid Tea into the class of a Show Rose! If you want your Roses to be noticed and complimented, you'll insist on having Konrad Adenauer in your garden. Plant it this fall, and early next spring it will begin to dress your garden with lovely color and enchanting fragrance. You will enjoy everything about it. (Pl. Pat. #1452.)

A KATHERINE T. MARSHALL

Long-pointed, deep coral buds. Large, open, 5-in. blooms of warm glowing pink, perfectly formed; fruity fragrance. Hardy, vigorous, 3 to 4 ft. tall; resists heat, rain, disease. Long fine stems, ideal for cutting. Highly praised everywhere. (Pl. Pat. #607.)

B SONATA Cochineal-red in spring and fall, in summer lightening to unusual hues of deep lively pink. Outside of the petals is several shades darker than inside. The large flowers are perfectly shaped, opening gradually from long, pointed buds. Continuous bloom. Very hardy, vigorous, upright plant. (Pl. Pat. #732.)

C OPERA Scarlet buds with golden yellow base open to magnificent 6-in. blooms of flaming light scarlet with buff-yellow on the reverse. High-centered blooms are borne on long, strong stems. Vigorous, upright, healthy. (Pl. Pat. #1017.)

D TAWNY GOLD Frilled petals blend buff, bronze and gold in an enchanting way. Delightful fruity fragrance. The 2½-ft. plant is bushy and compact, with delightful holly-like foliage. Flower arrangers love the tantalizing color. Long lasting, indoors and out. Very hardy. (Pl. Pat. #950.)

E VOLCANO Really huge blooms open to 7 in. across. These tremendous flowers, opening from long, pointed buds, are a live, glowing cherry-red that seems to lighten the surroundings, and then slowly softens to a rosy pink. Fruity fragrance. A strong, bushy plant with dark foliage. Free blooming. (Pl. Pat. #951.)

F GOLDEN SCEPTER Early in June, the tall, open plant bears dozens of slender, golden yellow buds, which slowly unfurl into 5½-in., exquisite yellow blooms that retain their rich color all summer. Vigorous, 2½ to 3-ft. plant. A really majestic Hybrid Tea that is widely admired and planted. (Pl. Pat. #910.)

G DETROITER Buds of rich carmine-red open to spectacular bright red, high-centered blooms that reach $5\frac{1}{2}$ in. across. The tall bush has an abundance of extra large, glossy foliage. Basal shoots make Detrouiter a strong, well-balanced plant. (Pl. Pat. #1219.)

H MARY MARGARET McBRIDE Pointed buds of deep coral-pink. Double blooms are large and high-centered, with shimmering gold at the base. Each flower has 35 to 50 furled petals. Foliage is dark, leathery and glossy. 2-ft. plants, vigorous and bushy. (Pl. Pat. #537.)

I RUBAIYAT Brilliant red with a profusion of long, graceful buds. As the buds open, a glorious riot of deep, scintillating crimson is revealed in the hearts of the blooms. The petal reverse is shades lighter. Height 4 ft. (Pl. Pat. #758.)

J SERENADE Exquisite burnt-orange buds and 5-in., brilliant coral-orange blooms are produced freely on $3\frac{1}{2}$ -ft. plants. Edges of the petals are an interesting darker shade. The excellent bush has nicely balanced, shiny foliage. Clean, open habit. (Pl. Pat. #852.)

K PAGEANT Golden yellow buds open slowly and when half open display a brilliant contrast of vermilion-red with gold reverse. The red turns to a deep, clear coral-rose-pink. $4\frac{1}{2}$ to 5-in. flowers have a raspberry fragrance. 3-ft. plant. (Pl. Pat. #1252.)

L MARDI GRAS

Very dark red buds open up to 5-in., deep sparkling red flowers. Blooms have a pleasing Damask scent. The $3\frac{1}{2}$ -ft. bush extends strong, vigorous stems, fine for cutting. (Pl. Pat. #1139.)

Prized Roses for Your 1961 Garden!

REX ANDERSON (Above)

Perfectly formed, slow opening, delicate ivory-white, exhibition-formed blooms. Exceptionally free and vigorous, 2 to 2½-ft. plants have an abundance of gray-green foliage. There is a soft, fascinating scent. Hardy and disease resistant, Rex Anderson is a "must" for the white garden. It may be grown to enormous size by disbudding. It has a garden history of almost twenty years.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

CHARLOTTE ARMSTRONG

(Below) Blood-red buds and magnificent cerise flowers are produced in large quantities throughout the season. The exquisitely formed, double flowers are borne on long stems that make them suitable for cutting. Buds open slowly, and the flowers keep their perfect form until fully developed. Sweet fragrance. Rugged plants reach 3½ ft. high. Foliage is excellent.

\$2.25 each; 3 for \$6.00; 12 for \$24.00

Charlotte
Armstrong

AVAILABLE ONLY IN LIMITED QUANTITIES

HUNTSMAN Long, red-and-yellow buds. Large, brilliant blooms of spectrum-red and orange-yellow. 18 to 24-in. bush has dark foliage. A profuse bicolor. (Pl. Pat. #1012.) \$2.00 each; 3 for \$5.25; 12 for \$21.00

MRS. MINIVER Pointed, dark carmine buds become 5½ to 6-in., striking cardinal-red blooms. Hardy 30-in. plants have an abundance of glossy foliage. Distinctly different. (Pl. Pat. #725.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

NEIGE PARFUM Ovoid buds have tinges of cream which turns to a soft lemon as they unfold into delicate white blooms. There is a delicious lemon-verbena aroma. 2 to 2½-ft. plants.

\$1.75 each; 3 for \$4.65; 12 for \$18.60

PEACEFUL When half open, light coral outer petals suffused with pale apricot bend slightly, revealing luminous deep coral-rose-pink blooms that reach 5½ to 6½ in. Vigorous plants, 2½ to 3 ft. high. (Pl. Pat. #1599.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

SUTTER'S GOLD Yellow buds are shaded with orange and red. Heavy tea fragrance. Glossy foliage. 2½ to 3-ft. bush. (Pl. Pat. #885.)

SUMMERTIME (Above)

Beautiful clear pink flowers are of the favorite high-centered form, well filled with petals. Deeper pink buds open gradually. Free-blooming plants reach 20 to 24 in. Foliage is a clean olive-green. The exquisite color and fragrance make it outstanding. It is very much admired for its beauty and delicacy. Excellent as a garden decoration. Blooms are good for cutting. (Pl. Pat. #1541.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

ZULU QUEEN (Below)

The darkest and one of the "blackest" of all red Roses . . . a magnificent, dusky deep maroon, almost black in its recesses. Long pointed buds open up to large, full blooms. Dark foliage adorns a hardy, 2-ft. bush. Of distinct vigor and beauty, the rich velvety blooms never burn. Delightfully fragrant. Outstanding when used in bouquets. A beautiful sight in the garden or home.

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Zulu Queen

Introducing A NEW FAMILY OF ROSES Grandifloras!

Produce Roses that look like the Finest Hybrid Teas . . . only in much greater abundance . . . and they grow much taller!

NEW All-America Winner!

(Right) Buds daintily colored, petite and always perfect, open to graceful 25-petaled blooms somewhat under medium size. The color is a blend of delicate pinks, varying from pale dawn-pink to a rich rose-pink at the tips of the petals. This darkens considerably as the flower ages. Some flowers are borne on single stems, but most of them come in clusters on fairly long individual stems. A wonderful Rose for cutting, it probably will produce more perfect buds in one season than any other. This will be one of the larger plants in your garden with a beautifully rounded, compact habit and lush, almost ideal foliage. You almost never see a bare stem, and the plant will seldom be without blooms during the growing season. This Rose, with its extraordinary vigor, large plant size and enormous quantities of blooms, is one of the best of the Grandiflora class. You can count as many as 100 perfect buds on one mature plant at one time. This new 1961 All-America Rose Selections Winner is just the Rose you've been looking for to brighten up your garden and home. (Pl. Pat. #1904.)

\$3.50 each; 3 for \$9.20; 12 for \$35.70

Pink Parfait

Pink Parfait

Gold Coast

(Left) A lovely yellow, medium-growing Grandiflora with masses of flowers which open to clean clear yellow and retain their color until the petals drop. The plant is literally covered with 3½ to 4-in. flowers. Rich dark green, medium-sized foliage. Excellent pointed buds of deep yellow open to cupped, golden yellow blooms. When they are fully open, they reveal deep golden yellow stamens that are very effective with the lighter yellow petals. The steady production of blooms gives it the title of "the sweetest, neatest, all-purpose yellow in the Rose Garden." Although not towering in growth, its size is above Floribundas. The blooms hang on well. (Pl. Pat. #1790.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Starfire

(Right) In every way the Rose-lover's Rose! Its unusual currant-red color is sun-fast, will never fade. Its brilliant, urn-shaped buds open into distinctive, perfectly contoured flowers. It possesses a unique luminous quality that gives texture and depth to each velvety petal. Starfire blossoms abundantly against a background of bronzy green foliage.

Flowers occur singly on long stems, or in clusters. The 6 to 12-in. stems make it ideal for cutting. It's beautiful and long lasting. (Pl. Pat. #1742.)

\$3.00 each; 3 for \$7.95;
12 for \$31.80

Armfuls of Cut Flowers

All-Time Favorites at A More Planting of Roses in

Beloved favorites of many a fine Rose garden, these are the best of the older Hybrid Tea Roses. Admired by Rose lovers for years, these varieties still merit a place in any garden.

TESTED FOR YEARS . . . Only Roses that do well in all parts of the country are in this list . . . recommended by leading rosarians, extensively planted in public Rose gardens.

Highest-grade, 2-year-old, field-grown plants, ideal for a large colorful planting at little cost. A generous supply of cut flowers can be obtained throughout the season from a planting of the Ever-Popular Dozen.

NOTICE

Our supply of some varieties may become exhausted. To avoid the possibility of disappointing you, we will substitute similar types if necessary unless you instruct us not to on the order blank.

"FALL is the BEST Time to Plant Roses!"

- **BIGGER BLOOMS** Plants have a chance to become established before the first blooming period.
- **EARLIER BLOOMS** Earlier flowers than you would get from spring planting are a certain result.
- **HEALTHIER PLANTS** Roots are well anchored by spring. Vigorous, disease-resistant plants are yours from the start of the new season.

Perkins All-Time Favorites!

Flowers from June to November!

Amazingly Low Prices... To Encourage Large Areas and by New Home Owners!

★**BETTER TIMES.** High-centered, brilliant cerise blooms on long stems. Pronounced, enchanting fragrance. Hardy, medium tall plant.

★**CRIMSON GLORY.** One of the ten most popular Roses in America. It is beautiful and dependable. Well-formed blooms of deep vivid crimson held proudly on a 2 to 2½-ft., vigorous bush. Voted by far the most fragrant Rose by A.R.S.

★**CONDESA DE SASTAGO.** Two-toned coppery pink inside, golden tint outside.

★**COUNTESS VANDAL.** Acclaimed as the most artistic bloom in rosetom. Luscious tones of copper, bronze and pink, flooded with gold and reflexed with silver. Widely used exhibition Rose. A good plant of moderate size. Very effective in table arrangements.

★**ECLIPSE.** Streamlined and modern... slim tapering buds set a mark in grace and daintiness, often exceeding 2 in. in length! Distinctive branching sepals. Best all-purpose brilliant golden yellow Rose in all climates. Plants are vigorous, producing abundant bloom.

★**ETOILE DE HOLLANDE.** Bright red; large; loose; semi-double; fragrant. Vigorous. One of the most dependable and free-blooming older Roses.

★**DICKSONS RED.** This glowing, velvety scarlet-red Rose "has everything"... flashing, unfading color; large, high-centered form; rich spicy fragrance; abundant and continuous bloom. Strong, sturdy bush.

McGredy's Sunset. Flowers are tinted delicate orange and rich scarlet. Best loved of the Irish Roses. 30-in. plants. Sweet, fresh fragrance.

McGredy's Yellow. Large, bright buttercup-yellow. Exquisite bud and flower. Good glossy foliage. Best known of McGredy Roses.

★**MRS. PIERRE S. DU PONT.** Deep golden yellow, slightly lighter with age; semi-double.

★**LYDIA.** A clear, vivid yellow. Although not a tall grower, this variety is a constant source of colorful flowers. Deep green, glossy foliage is decorative, and the rich clear yellow blooms glitter in contrast. The plant is very hardy, medium tall, and bushy.

★**NUMA FAY.** Very full petaled; light coral-pink blooms, satiny and fragrant. Free-blooming plant.

Poinsettia. Perfect buds; glowing fire-red blooms with reflexed petals. Fine cut flower. Vigorous.

President Herbert Hoover. Maroon and orange, two-tone. For years this has been the most popular two-tone Rose. Vigorous; free blooming; fragrant.

Radiance. Cameo-pink; large; fragrant. Blooms all season, in all climates. Tall.

Red Radiance. Large; long lasting; intensely fragrant; clear, even red. Tall. Very reliable.

★**SIGNORA.** Warm brownish orange buds open to lighter mandarin and salmon. Blooms are double and very fragrant, on long strong stems. Foliage rich, glossy dark green. Vigorous, 30 to 36-in. bush. A twenty-year favorite.

★**K. A. VIKTORIA.** One of the daintiest and most delightful of all white Roses. Produces great quantities of pure white flowers all season. Fragrant and long lived. Height 24 to 30 in.

Frau Karl Druschki. Pure white Roses. Very double, very large and long lasting. Noted for its extreme toughness and vigor. Can be used many ways... informal hedge, mass plantings, large flowering shrub, pillar type against walls, fences.

NEW JACKSON & PERKINS

... Easiest of All Roses to Grow ... Yet Producing

C. H. PERKINS, President,
Jackson & Perkins Co.

"Truly the 20th Century Rose"

The first Floribunda was introduced twenty years ago—yet in this short span of time, Floribunda Roses have become almost as popular as the classic Hybrid Teas! And little wonder, for the Floribunda is, without doubt, the most useful, most free-blooming, most "care-free" of all Roses.

Imagine—from just one single Floribunda Rose bush you can get hundreds of blooms . . . each one from 2½ to 5 full inches across . . . in immense clusters . . . lovely, colorful blooms that rival the beauty of the most precious Hybrid Teas. And you see these flowers in your garden all season long, for Floribundas are *everblooming* . . . producing flowers *continuously* from June right up to frost.

Because Floribunda Rose plants are so compact, grow so densely, they make ideal hedges. Just plant a few of them this fall, and early next spring you'll

have the most beautiful hedge you ever saw . . . a hedge that produces glorious, colorful blooms all season long . . . a hedge that never spreads, never sprawls, never needs trimming, except when you want cut flowers.

As you can see from the illustrations on these two pages, Floribundas are useful in many other ways, too—perfect for foundation plantings, for borders, for mass planting in formal or informal beds, picture-window plantings, etc. Useful, indeed!

Yes, Floribundas are beautiful, everblooming, useful, and so easy to grow. They're extremely hardy, requiring very little care, and will grow almost anywhere. Try some in your garden. There's a wide range of colors to choose from, and you're sure to love them all.

Golden Garnette

(Left) Rich in fragrance, this lovely newcomer is another of the newest long-keeping cutting and garden Floribundas. The buds of deep golden yellow open to 4 to 4½-in. flowers. When opening from the tight bud, the outer petals have a slightly lighter edging, giving an attractive airy effect. When cut as buds the flowers keep their rich color for a long time, and they are excellent "keepers" in home, hospital or office . . . anywhere a little beauty is needed. The plant grows 1½ to 2 ft. and is constantly bearing either clusters of flowers or individual blooms on medium long stems. The foliage is a rugged dark green. The fragrance is a pleasing, long-lasting surprise. This is one of the longer keeping series now so much prized in the florists' shops. It's excellent for bouquets and especially for corsages. (Pl. Pat. #1898.)

\$2.50 each; 3 for \$6.60;
12 for \$26.40

WONDER FLORIBUNDAS

Produce Hundreds of Blooms on Every Bush!

(Right) From the magic combination of two Floribundas—Fashion, the world's most honored Rose, and Goldilocks, the most popular yellow—comes Jackson & Perkins' newest creation, Peach Glow . . . a charming Floribunda with a dainty and exquisite color. Lovely, pointed, coral buds open up to unusually clean golden coral blooms with a suffusion of pink at the base. Like the finest porcelain, the steady color captivates everyone who sees it. Sturdy, low-growing plants reach about 2 ft. in height and actually outdo themselves with blooms. Imagine a hardy bush loaded with these delicate flowers . . . each one emitting a delightful spicy fragrance. The exquisite color and substance of the bloom . . . the lovely form of the bud . . . the hardiness and profusion of bloom of the plant . . . all these combine to make Peach Glow an all-round good garden subject. It will light up your garden with its elusive quality and its glowing flowers. Testers throughout the country had nothing but praise for its dainty blooms, its neat plant and its great profusion of flowers. Plant it this fall and next spring you can see for yourself. (Pl. Pat. Applied For.)

Castanet

(Test No. 54-14811)

(Left) Once again Jackson & Perkins is pleased to introduce a superior Floribunda . . . a wonderful new Rose with exceptionally long-lasting, brilliant blooms opening from coppery scarlet buds. One plant produces quantities of these striking 3 to 4-in. flowers of rich coral-orange . . . reminiscent of the sights and sounds of Spain. Carefree flowers with fresh tea fragrance are gracefully double, with about 40 to 50 petals. Blooms appear constantly, either in clusters of 5 to 12 on a stem or singly after the cluster stage is over. The 2½ to 3-ft. plants have a good bushy habit of growth and are resistant to ills. Excellent for bouquets, and the color fits well in any garden. Try it in yours. (Pl. Pat. #1840.)

Please Read Following When You Order

IMPORTANT—

Please Help Us to Help You!

When filling out your order it is most important for all members of the same household to order under one name.

In order to help us keep our records straight please use your address plus your zone number which we have imprinted on the front of the catalog envelope. If for some reason this address should be incorrect, please attach a slip of paper to your order correcting the address.

We are also finding cases where customers are using a borough or a suburb of a city and also the city itself. For example, Bronx and New York City or Germantown and Philadelphia. *Again please use your city or borough as imprinted on the front of the catalog envelope.*

It would be greatly appreciated if you would help us to see that your orders are sent to you correctly without any delay.

HOW TO REMIT

The best way to send payment is by check, U. S. Postal Notes or by Post Office or Express Money Order. **Do not send stamps or currency** because we cannot assume any responsibility unless sent by registered mail.

SHIPPING DATES

We will send your order at the proper time for planting in your locality. It is not necessary for you to specify a shipping date.

ITEMS NOT LISTED

Any variety of Roses, Perennials or other material which is not listed on the order blank or in the catalog is unavailable for the current season. Plants not listed will be in our future catalogs when available.

PLEASE DO NOT ASK US TO CHANGE YOUR ORDER

We handle thousands of orders within a very short season, and it is impractical to locate individual orders for changes. We want to accommodate our customers but it is impossible to find any particular order quickly during the shipping season.

I

The New J&P MIDGET GARDEN DUSTER

Duster and 1-Pound Package of
J&P Rose Dust and Extension

ONLY **\$9.95**

Throws 8-Foot Dust Stream With Just One Turn of The Handle!
An engineering masterpiece, this tiny hand-operated rotary duster is the smallest in the world; yet, it is capable of throwing an 8-foot stream of dust. Holds enough powder in one filling to cover 200 Rose Bushes. This tiny, unbelievably efficient duster is all metal, even to its pistol grip handle. The gears are sturdy enough to continue operating indefinitely. Now, with each duster you will receive an extension, 1½ feet long, enabling you to reach taller bushes and to dust hard-to-get places inside of the bushes. An adjustable funnel on the end makes it easier to dust under leaves. Made of rustproof metal alloy it will last a lifetime. The Midget Duster, Extension and 1 lb. of J & P Dust for only **\$9.95**, prepaid

NEW Extension for Reaching Hard-to-Get Places!

- Rustproof Metal Alloy Construction Throughout!
- Treats over 200 Rose Bushes with One Filling!
- Weighs only 1¼ pounds!

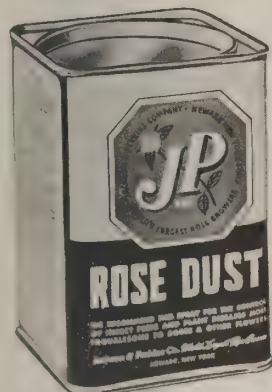

FREE with Each Midget Duster,
1 Pound Package of J&P
Rose Dust and Extension.

You may purchase the
New Extension for your
Midget Duster separately
for only 75c

NEW AND IMPROVED

EXCLUSIVE
J & P

SPRAY AND DUST

NEW IMPROVED

J&P DUST!

NO MIXING! JUST PUT IN
DUSTER AND USE!

Excellent Control for Insects

The ideal material for those who prefer a pesticide in dry powder form. No mixing; no solutions. Simply dust the roses lightly within 24 hours after every rain, or every 10 days in dry weather. It controls chewing insects, sucking insects and plant diseases and is an effective deterrent to Japanese beetles. Now with Aramite for red spider mite control.

- 1 lb. Treats 6 plants for a whole season... \$1.25
 - 4 lbs. Treats 24 plants for a whole season... 4.50
 - 24 lbs. Treats 150 plants for a whole season... 22.50
- (1 and 4 lbs. shipped postage prepaid)

NEW IMPROVED

J&P SPRAY!

MULTI-PURPOSE!
EXTREMELY EASY TO USE!

Better than ever—cleaner foliage, less black residue. With the new wonder fungicides added. Karathane for mildew, Zineb and Phaltan for leaf spots, Maneb for protection against blackspot, mildew and Rose, Chrysanthemum and Snapdragon rusts. Also a deterrent to Japanese beetles and rose chafer. Now with Aramite which controls red spider mite on roses, perennials and evergreens. No other multi-purpose pesticide contains this exclusive J&P formula.

- 4 ozs. Treats 24 plants for a whole season... \$1.50
 - 1 lb. Treats 100 plants for a whole season... 4.75
 - 5 lbs. Treats 500 plants for a whole season... 16.00
- (Shipped to you postage prepaid)

NEW, EXCLUSIVE J&P SPRAY & DUST FORMULA

After years of research we are proud to offer our latest exclusive Spray and Dust. Contains Ferbam, Maneb, Zineb, Phaltan, Karathane, Aramite, Rotenone, Pyrethrum, D.D.T. and Inert ingredients. These ten ingredients, blended together in one mixture, will control rosedom's worst enemies.

J&P ROSE FOOD!

The Right Road to Healthier, Better Roses!

Finest Rose Food available, used in growing millions of prize-winning roses! Jackson & Perkins' own Rose Food is fast acting, long lasting and very economical. Partially inorganic, it is a quick stimulant, provides slowly available nourishment. A small quantity will accomplish wonders without danger of overfeeding.

- 5 lbs. Feeds 25 plants for a season (add 15c west of Mississippi) \$1.50
 - 10 lbs. Feeds 48 plants for a season (add 25c west of Mississippi) 2.50
 - 25 lbs. Feeds 150 plants for a season 3.50
 - 100 lbs. Use freely for the entire garden (25 lbs. shipped Express collect) 9.60
- (100 lbs. shipped Freight collect)

J&P instant ROSE FOOD!

Here is a product recommended by J & P's Research Department and we use it in our own Rose Garden with excellent results as a supplementary feed. This new J & P Instant Rose Food is the best water-soluble fertilizer available. A small quantity accomplishes wonders, keeping roses growing luxuriantly all season. Easily applied, very economical and quick acting. You see plants improve within a few days. Excellent pre-dip for plants before setting them out.

- ½ lb. Treats 12 plants for a whole season \$.95
 - 1½ lbs. Treats 36 plants for a whole season 2.25
 - 5 lbs. Treats 120 plants for a whole season 5.25
- (Shipped to you postage prepaid)

Free... at Christmas time they receive this beautiful Rose Souvenir Package

And...

at the proper planting time they receive their Roses!

It's all so easy ... Here's all you have to do ...

1 Make your selection of gift plants from the favorites listed above. Or, if you prefer, choose any plants or groups listed in the catalog. On this offer, each gift order must be for at least \$5.00. Fill out NOW the special Christmas Order Blank enclosed with this catalog.

Page D

2 Just before Christmas we will send out the free souvenir packages, containing the beautiful Token-Rose, with a holiday greeting card. The greeting card opens up to form a holiday Gift-Certificate, listing your name and that of your friend. It tells the names of the plants (NOT THE PRICES) and states that they will be sent later, in time for planting.

3 At the proper planting time, we will send the plants post-paid to those to whom you have presented them. They will be in perfect condition, all ready to start growing as soon as they are planted. In the summer and fall, year after year, your friends will continue to enjoy your gift. And they'll appreciate your thoughtfulness in choosing this unique way to remember them at Christmas.

THE SMALLEST ROSES IN THE WORLD!

Gorgeous Jackson & Perkins Miniature Roses produce exquisite blooms no bigger than your fingernail . . . blooms so small that a thimble holds a bouquet of six!

OAKINGTON RUBY

(Not Illustrated) Deep carmine buds open to rich ruby-crimson, fully double flowers smaller than 1 in., even fully opened. Less than 12 in. tall. Free flowering from May to November; demands no special attention except cover in cold winters.

\$1.00 each; 3 for \$2.50;
12 for \$10.00

© J. & P. CO.

BABY BETSY McCALL (Above)

Buds no bigger than your fingernail . . . blooms no larger than a nickel . . . and the plant grows just about 8 in. high. Incredibly tiny, pink-pearl blooms are heavily petaled, fully double, perfectly shaped! You'll have these enchanting blooms in your garden all season long, from spring to frost. It's like a fairy-tale come true. (Pl. Pat. Applied For.)

\$1.25 each; 3 for \$3.30;
12 for \$13.20

BABY MASQUERADE (Below)

A real novelty in the smallest of Roses, with many colors on each plant at all times. The exact replica of Floribunda Masquerade with tiny yellow buds that open to rich yellow blooms, eventually turning pink and finishing a very pleasant deep red. 8-in. plants bloom from May to November. (Pl. Pat. #1580.)

\$1.25 each; 3 for \$3.30;
12 for \$13.20

© J. & P. CO.

RED IMP (Above)

This is one of the newer Miniature Roses. An unfading, deep, rich crimson with fully double blooms of up to 60 petals. The bud is ovoid in shape, and as it opens it becomes a saucy flat rosette with a light fragrance. A Miniature Rose that sparkles in bright beauty. (Pl. Pat. #1032.)

\$1.25 each; 3 for \$3.30;
12 for \$13.20

DWARFKING (Below)

Exquisitely formed, miniature buds open to flowers no larger than a postage stamp. Fully double and lightly fragrant. The color is a clean blood-red, and the dark red bud is perfect for a boutonniere. Flowers are usually borne in clusters and sometimes on individual stems, but the plant is always in bloom. This completely hardy plant will build up in size year after year. (Pl. Pat. #1577.)

\$1.25 each; 3 for \$3.30;
12 for \$13.20

© J. & P. CO.

TWINKLES (Above)

Miniature Rose Twinkles is a lovely white, which sparkles in the sunlight with its many tiny blooms. The fully double flower has just a slight fragrance. Many flowers are produced all summer long on a compact bush that stays comfortably low. See how appealing it will be. Find a spot to tuck it in. (Pl. Pat. #1407.)

\$1.25 each; 3 for \$3.30;
12 for \$13.20

© J. & P. CO.

ROSA ROULETTI (Above)

Perfect little double rose-pink flowers like a picture. The entire 4 to 6-in. plant is just as dainty as the Roses themselves. The little Swiss Rose that was lost for many years; now treasured in American gardens. These Lilliputian gems will add new interest and charm to your garden. You will find Rosa Rouletti very easy to grow.

\$1.00 each; 3 for \$2.50;
12 for \$10.00; 25 for \$18.75

AVAILABLE ONLY IN LIMITED QUANTITIES

MANDARIN A beautiful ox-blood-red, reminiscent of Burgundy wine, with large clusters of 3 to 4-in. flowers. A delightful old Rose fragrance. Plant reaches 3½ ft. or more. Upright, vigorous growth. Effective for taller hedges in foundation and background plantings. (Pl. Pat. #1040.)

\$1.50 each; 3 for \$3.90;
12 for \$15.60; 25 for \$30.00

DWARF FLORIBUNDAS IDEAL FOR BORDER AND EDGING WALKS!

PIGMY GOLD (Left) Flowers about 1 in. in diameter appear in clusters or singly. They add color and interest wherever used. Dark, shiny green foliage is a rich contrast to the golden yellow buds and flowers. A dwarf, upright plant only a foot tall. (Pl. Pat. #1114.)

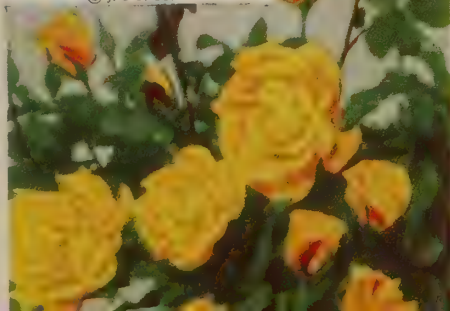

\$1.50 each; 3 for \$3.90; 12 for \$15.60

PIGMY RED (Right) Petite, 12-in. plant. Always in bloom, it produces as many as 17 blooms and buds on one plant at one time. The dark red flowers are enhanced by a tiny white eye in the center. Imagine a Rose bush only a foot high that blooms so profusely. (Pl. Pat. #1319.)

\$1.50 each; 3 for \$3.90; 12 for \$15.60

More J&P Wonder Floribundas

Prize-winning Everblooming Roses which everyone can easily grow!

26

Ivory Fashion

(Below) 1959 All-America Rose Selections Award Winner! One of J&P's own family of Award-Winning Floribundas. Here is a Floribunda with a new look—an ivory-colored Rose with the charm and grace of its world-famous parent, Fashion (the greatest prize-winner of them all). Ivory Fashion is already being acclaimed as the top Floribunda of recent years.

Early in June Ivory Fashion's long, slender buds begin to appear . . . their chaste white beauty heightened with a wispy touch of yellow. Slowly, they open into striking, high-centered, cupped flowers—each one a full 4 in. across! These large, clear ivory-colored blooms are exceptionally long lasting and display a gorgeous set of richly decorative, graceful golden stamens . . . and there's a breathtaking Tea Rose fragrance. Ivory Fashion blooms continuously from June to frost. Rich, dark green foliage enhances the sturdy, 24 to 30-in. plant. (Pl. Pat. #1688.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Ivory Fashion

Gold Cup

(Below) This All-America Selections Award Winner for 1958 is a large, deep yellow Floribunda, distinguished for its vigor, size, form and productiveness. The pointed buds are deep yellow and open up to 3 to 3½-in., non-fading blooms. The 2½-ft. plants are well clothed with glossy dark green foliage and are constantly renewed by the freely sprouting basal shoots. Never without bloom, this prize-winner has large, non-fading flowers, glossy foliage and sweet fragrance. It has been successful everywhere. There is marked disease resistance in all regions and great enthusiasm for the firm color and ornamental foliage. Gold Cup is an origination of E. S. Boerner, head of the Research Department of Jackson & Perkins Company, who has more plant patents to his credit than any other person. This brilliant yellow Floribunda is the best pure yellow of them all. Plant it this fall, and early next spring your garden will burst forth with these exquisite, fragrant blooms. (Pl. Pat. #1683.)

\$2.00 each; 3 for \$5.25;
12 for \$21.00

Gold Cup

Spartan

(Right) Never before a Rose like this!

For sheer beauty, breathtaking color, exquisite form, profusion of bloom, exceptional hardiness—for a combination of all the qualities looked for in any type of Rose—Spartan simply can't be beat. What a truly amazing creation this is! The hardest, finest Floribunda ever created—that bursts into bloom month after month all season long—that produces whole bouquets of longer stemmed, Hybrid-Tea-shaped, fragrant Roses—that grows anywhere without special care—that is hardy and disease resistant beyond compare. It's truly the first perfect 20th Century Rose ever developed, and it will be the center of attraction in your garden for years to come.

The unusually lovely flowers start displaying their stunning beauty early in the season . . . as scores of gorgeous burnt-orange buds begin to appear on the attractive plant. Slowly, the buds open . . . revealing large, high-centered Hybrid Tea-shaped blooms, with 35 to 40 petals each . . . starting a sparkling warm ORANGE-RED color. Think of it! Blooms that look like prized Hybrid Teas, as big as Hybrid Teas, yet produced by the hundreds on a single bush! The vigorous plant is constantly in flower from early spring to severe frost. It's alive with glorious orange-red blooms, sometimes in clusters,

sometimes singly, on long, long cutting stems. Without question, Spartan is one of the most popular Floribundas of all time. (Pl. Pat. #1357.)

Jiminy Cricket

(Below) From its exquisite bud right to the open flower, Jiminy Cricket, 1955 All-America Selections Award Winner, is different from any other Rose! It begins its exciting display early in June with masses upon masses of urn-shaped buds . . . dainty little buds of a TANGERINE-RED color. These set the entire plant aglow and then begin bursting into delightful CORAL-ORANGE and VERMILION blended, 3½-in. blooms. Beautifully formed flowers, too . . . full, cup shaped . . . as lovely in form as the most beautiful Hybrid Tea! And as the flower finishes, the color softens to an enchanting coral-rose-pink. But at no time does the color fade or blue, but remains sharply etched on the bloom from beginning to end. In addition to its color, it has an enchanting Damask scent. And the plant itself is extremely hardy—grows up to FOUR FEET HIGH—covered with glossy green foliage. Vigorous, disease resistant, it will grow practically anywhere! And it blooms continuously from June right up until frost. Plant it anywhere, in beds or borders; use it for foundation planting or everblooming Rose hedges, in front of evergreens, around Tree Roses! No matter how you use it, Jiminy Cricket will burst into glorious bloom . . . and flood your garden with its brilliant new color all season long. (Pl. Pat. #1346.)

\$2.00 each; 3 for \$5.25;
12 for \$21.00; 25 for \$40.00

JACKSON & PERKINS CO.

World's Largest Rose Growers

Originators of New Roses Since 1872

Pink Chiffon

(Below) A Floribunda for those who like something different in Roses. The bud is a light pastel pink with a deeper blush heart. As the flower opens, this captivating delicate pink is retained, while the inner petals, which have almost a silky texture, keep their deeper tones. The open 3-in. bloom is full, slightly cupped and moderately fragrant. The bushy plant, covered with glossy foliage, reaches a height of 24 to 30 in. One of the most beautiful small Roses in years, exquisite for arrangements as well as the garden. The flower has excellent form and as it advances from the bud, the petals reflex a little at the tips but it never loses the graceful outlines of the high-centered flower. The fragrance is a strong and very pleasing addition to the ensemble. Has been very favorably received. (Pl. Pat. #1564.)

\$2.50 each; 3 for \$6.60;
12 for \$26.40

Fusilier

Fashion

©
J. & P. CO.

Fusilier *(Above)*

Fusilier, a 1958 All-America Selections Award Winner, is a flaming orange-scarlet Floribunda with growth and blooming habits that everyone will love! The plant is upright and full, 30 to 36 in. tall, with large, leathery, lustrous dark green foliage complementing the outstanding color of the flower. Dark red buds of globular shape slowly open to 3 to 3½-in. flowers, with large attractive petals that are flaming orange-scarlet in warm weather, with dark overtones and an underlying incandescence when the weather is cool. Flowers have up to 40 petals, with margins frilled and ruffled. They are borne in heavy clusters, each a bouncing big bouquet. Fragrant, floriferous and continuous blooming. The sharp color and bushy growth will make this Rose a favorite for all uses, in Rose gardens, in hedges, in shrub plantings and numerous other places where accents are desired. Here is a Rose in which the admirable qualities of the color and durability are equaled by the merits of the plant. Fusilier is always on dress parade, and even in the poorest of weather it will stand staunch and erect in its brilliant tunic, steadfast against the elements. Plant it this fall and let it guard your garden against drabness. (Pl. Pat. #1709.)

Golden Fleece

whole bouquets of colorful Everblooming Floribundas like these in your garden all season!

Fashion *Greatest Prize-Winner of All Time!*

(Above, Left) Fashion is indeed the finest Floribunda ever created. It's the only Rose ever to receive NINE WORLD-WIDE AWARDS. For nowhere is there another Rose to match Fashion's marvelous color . . . luminous coral-pink suffused with gold. Hundreds of exquisite oriental-red buds and breath-taking, 3½-in. blooms are carried on every bush. Graceful wavy petals and a rich display of golden yellow stamens add even more beauty to the luminous coral-pink open flowers. Immense clusters of 20 to 25 flowers appear continuously from June until frost. Blooms are long lasting under all conditions, with delicate fragrance; the plant is hardy and vigorous despite the delicate form and artist's coloring. The sturdy bush will reach 2 ft. (Pl. Pat. #789.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

White Bouquet (Left)

This 1957 All-America Rose Selections Winner is a favorite of home gardeners. An enchanting white Floribunda with sparkling 4 to 5-in. flowers and lustrous, dark green foliage. The gardenia-like flowers open fully, with a sweet spicy fragrance. As the flower slowly unfolds, the center petals remain upright. When the center petals finally separate and open, the small circle of golden yellow stamens gives an added note of charm. Seen against the background of green foliage, the effect is one of cool freshness and youth. Flowers are produced constantly in clusters and as individual blooms. Easy to care for. (Pl. Pat. #1415.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Golden Fleece (Above, Left)

This Prima Donna of Floribundas performs with all the grace and charm of a flirting ballerina. Such gay-colored buds . . . a lively tawny gold color. Slowly, dramatically they open to a light tone of rich, warm gold . . . then . . . as a grand finale, they flare into a bright, dazzling canary color! The flowers are unusually large for a Floribunda—actually 4 to 4½ in. across . . . growing in graceful clusters with as many as 20 individual blooms! And because Golden Fleece is a descendant of Diamond Jubilee, the blooms are extra long lasting. The vigorous, bushy plant displays unusually decorative, disease-resistant foliage of medium green. This beautiful winner of the Gold Medal at Bagatelle will be a welcome addition to your garden. (Pl. Pat. #1512.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

Vogue Winner of Six World-Wide Awards!

(Above) The rich cherry-coral color of Vogue is only one of its outstanding features. The slow opening of its ovoid buds is a show in itself. These buds evolve into perfectly formed, high-centered blooms that are 3 to 4 in. across. Graceful flowers in medium and large clusters are in evidence all season long. The 2½ to 3-ft. bush grows compact and bushy, with an abundance of dark green, leathery foliage. The Winner of 6 World-Wide Awards, the 1952 All-America Rose Selections Award included, Vogue is among the very finest Floribundas. Upright growth makes it excellent to plant along a wall or as a hedge, and it will yield beautiful carnation-scented bouquets. (Pl. Pat. #926.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00; 25 for \$40.00

JACKSON & PERKINS
EVERBLOOMING
FLORIBUNDAS

MAKE BE
THAT BLOOM

Ma Perkins

(Below) Buds of this All-America Selections Award Winner are actually a translucent coral, fortified by shades of red in the outer petals and a touch of yellow at the base. As the flowers slowly open to their full 3½-in. width, the coral gradually softens to glowing coral-shell-pink . . . and the deep red shades outside slowly disappear as the yellow becomes more predominant. Finally, the entire bloom finishes a softer, warmer shell-pink. One of the most fragrant Floribundas ever created, with a rich, sweet honey scent. Fragrant, beautiful . . . and extremely hardy, too! Very resistant to disease and pests, it will thrive in difficult positions. The hardy, 2½ to 3-ft. bush is excellent for foundation planting, borders and beds. (Pl. Pat. #1143.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00;
25 for \$40.00

Chatter

(Above) Especially bright crimson, velvety-petaled flowers are 2½ to 3 in. across. Makes a constant show in gardens. Produced in generous clusters, the dainty buds open slowly until each cluster bursts with handsome crimson flowers. These enormous clusters last two and sometimes even three weeks. As one flower finishes, new buds open to take its place. Sturdy and hardy, with 18-in., disease-resistant bush. Plant Chatter in beds and borders where you want a dependable color mass. Long lasting . . . remarkable flower clusters are in bloom continuously from early spring to late fall. The bright clusters of Chatter are so persistent . . . so completely everblooming that they are never without color. (Pl. Pat. #739.)

\$1.50 each; 3 for \$3.90; 12 for \$15.60;
25 for \$30.00

AVAILABLE ONLY IN LIMITED QUANTITIES

BABY BLAZE This cheerful Floribunda has delicate, semi-cup-shaped flowers with interesting fluted petals. A vigorous, 3-ft. bush produces an abundance of deep red, pointed buds that mature to velvety red. Finishing a few shades lighter, the bright color is enhanced by the white eye at the center of the flower. It does not fade or blue. (Pl. Pat. #1362.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

YELLOW PINOCCHIO At its peak of bloom the hardy, 3-ft. plant is a rounded mound of yellow. Petite buds have touches of red on the outside petals and are carried in large clusters. Foliage is luscious, tough and disease resistant. The 3-in., fully double blooms are long lasting and come continually from spring to frost. (Pl. Pat. #992.)

\$1.50 each; 3 for \$3.90; 12 for \$15.60

Firecracker

(Right) Here is a keenly interesting, sharp-colored addition to the semi-single Roses. With gayer, more spectacular color, the bushy plants are equally hardy and live well through our winters. There is always color on Firecracker bushes, in large clusters or individual blooms; and the flowers keep well without discoloring. The sharp red color is enhanced by the bright yellow center. Interesting fragrance. 12 to 15 petals per bloom. (Pl. Pat. #1629.)

\$2.50 each; 3 for \$6.60;
12 for \$26.40

BEAUTIFUL FLOWERING HEDGES

ALL SEASON LONG...NEVER NEED TRIMMING!

31

Betty Prior . . . ALWAYS in Bloom!

(Left) Betty Prior, the Floribunda that no one ever tires of, is always a mass of bloom. Delicate pink blooms have a spicy fragrance. In June its colorful myriads of blossoms are a glorious sight. All through the summer the buds and flowers, resembling red dogwood, continue to attract interest. Buds are lively red, opening shell-pink, having 5 petals, dogwood-like in shape, size and color. The healthy, vigorous plants are sturdy yet delicate in appearance and bountiful with their blooms. In beds, borders, hedges and groups, Betty Prior gives gorgeous mass color effects and many cut flowers throughout the season. An established plant in a sheltered position will grow 4 ft. tall or more. Large bloom clusters are borne in spring and continuously all season. Abundantly branched, with lush green foliage. Betty Prior is extremely hardy. As the center of attraction or just to beautify your home, Betty Prior will provide fun for your family as well as delightful masses of color.

\$1.75 each; 3 for \$4.65; 12 for \$18.60; 25 for \$32.00

Goldilocks

Goldilocks

(Above) The truly Golden Yellow Floribunda! Somewhere in your garden there is room for this mass of glorious sunshine which will delight you from early spring all through summer and fall. Clusters last a long time. Ovoid buds open slowly and gracefully, passing through many attractive phases. The flowers are cupped in the early stages and gradually open to 3½ in. across. Plant has a dense, spreading, well-balanced habit of growth, reaching a height of 2½ ft. Dark green foliage is glossy and decorative. In borders and beds, as a specimen and in a base planting, Goldilocks is charming. It was awarded the John Cook Medal of the American Rose Society . . . a real honor. Plant Goldilocks this fall and your garden will be enriched for years to come. (Pl. Pat. #672.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

Masquerade

FIVE Colors on ONE Plant!

(Below) One of nature's most astounding color transformations! A rare novelty for your garden. Truly unique and different, each cluster of 10 to 25 buds shows blooms of yellow, red, pink, lemon and sometimes orange. All these colors appear at once in a magnetic combination.

Each bud is golden yellow, with tiny vermillion marks. The center bud in each cluster opens first, becoming rose-pink as the petals unfold. Gradually the rose-pink deepens until at last it is deep red. While the first bud in any cluster is going through these stages, other buds are gradually developing, each one passing through the same lovely color sequence of yellow, silver, pink and red.

Clusters of 25 to 30 buds on one stem are not uncommon. Because of these unbelievable clusters and the range of colors through which each individual bud passes, Masquerade gives your garden a festive look.

The vigorous, 3-ft. plants have a rather open type of growth. The foliage hangs on tenaciously until November. It's the only Rose with so many clean colors on individual clusters. This astonishing range of bright colors makes Masquerade the only Rose of its kind. Bushy and free blooming, a bed of it is a dream come true. (Pl. Pat. #975.)

\$2.00 each; 3 for \$5.25; 12 for \$21.00

Betsy McCall *(Above)*

Like its winsome namesake, the Betsy McCall Floribunda is delightfully captivating. The color is soft coral overlaid with gold. The 2½ to 3-ft. bush is well clothed with foliage. It has a neat habit and an abundance of slender buds and cupped flowers. The flowers generally appear in airy clusters and occasionally on individual stems. They keep well and are delightful when used in small arrangements and bouquets. The plant has many of the characteristics of its internationally famous parent, Fashion. The two varieties are exquisite companions for a spot where they may be enjoyed from the house. Betsy McCall is a beautiful, hardy plant. (Pl. Pat. #1603.)

\$2.25 each; 3 for \$6.00; 12 for \$24.00

Rochester *(Below)*

One of the older Floribundas and still considered to be one of the finest! Blooms are borne freely, in a warm, rich tone of light yellow. All season long, Rochester will give you enchanting flowers of almost Hybrid Tea size. No other produces more blooms per plant. A group planting furnishes a continuous display from early June till heavy frost. The medium large, double bloom is soft yellow, flushed orange-carmine on the reverse. Rochester is remarkably hardy, sturdy and vigorous, with cluster formations and free-blooming habit. It possesses a moderate fragrance. 2 to 2½-ft. plants are hardy. Rochester is a gem and will fill many purposes in the garden and home. Plant it this fall, and early next spring it will begin to dress your garden with loveliness.

\$1.75 each; 3 for \$4.65; 12 for \$18.60

Independence

Independence *(Above)*

Here is one of the most brilliant colors in rosedom, among the most scintillating we have ever seen. The beautiful flowers grow up to 4 in. in diameter, in clusters of 6 or more. These brilliant orange-scarlet blooms are like flaming torches and are superbly accented by the rich glossy foliage. This hardy variety grows from 2½ to 3 ft. in height, producing great quantities of foliage and forming a very compact bush. Does not lose its color in the sun and possesses a moderate old-fashioned Tea Rose fragrance. Independence is very aptly named because its striking color reminds one of the valor of the battle for freedom. A truly lovely Rose and one that will enhance your garden for years. It will show off especially well against a dark background. (Pl. Pat. #1036.)

Pink
Bountiful

Pink Bountiful

(Right) You will prize this lusty Floribunda for its soft pink flowers with their dawn-like glow. Large, lasting bloom clusters provide a fresh and profuse mass of color all season long. When fully open, the colorful flowers measure up to 3 in. across, looking like miniature Hybrid Teas. Pink Bountiful will go equally well in Rose beds or mass plantings. Ovoid buds are tinted deep reddish pink and unfold demurely into flowers with buff-salmon-pink hearts, flushing into a deeper pink at the outer petals. Nutty fragrance adds to its charm in flower arrangements or nosegays. Its season-long bloom, delightful color and fragrance make it effective in any location. With all its pure delicacy of form and color, it is hardy and easy to grow. Height 2 ft. (Pl. Pat. #601.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60

© J. & P. CO.

Amy Vanderbilt (Below)

The answer to the pet dream of the Rose grower who seeks the unusual. Its color is a startling purple-lilac to lavender-lilac, a combination that is both friendly and daring. From early bud to fully opened flower, the color changes slowly from opulent purple-lilac to lavender-lilac and finishes a lovely cool lavender. The 2½ to 3-in. flowers usually come in heavy clusters of from 4 to 8 blooms and are delightfully fragrant. At the finish of the blooming, the petals drop off cleanly so that the general appearance of the plant is always pleasant.

© J. & P. CO.

The bush grows well, is healthy and vigorous and is completely covered with excellent dark green foliage. The unusual color of this Rose is a challenge to the many people who love to produce color effects in home or garden. (Pl. Pat. #1585.)

Siren (Bottom, Right Corner)

The brightest, reddest Rose you ever saw! A brilliant fiery scarlet . . . a flaming red that sparkles and glows like a precious ruby. And unlike an ordinary red Rose, this deep blazing red really lasts . . . from exquisite bud form until the last petals fold up and float away. Full, 3½-in. blooms have beautiful ruffled petals. Even in extreme heat, these lovely red beauties keep their form and color, setting your garden ablaze all season and providing scores of cut flowers for arrangements. The vigorous, compact plant reaches 2 ft. and has excellent foliage. An all-round good plant, Siren looks well with its garden neighbors. (Pl. Pat. #1197.)

\$1.75 each; 3 for \$4.65; 12 for \$18.60; 25 for \$35.00

FLORIBUNDAS give added
interest to climbers.

Red Wings

(Left) A snapping deep red Floribunda with long-lasting flowers and unfading color. This gorgeous velvety red flower stands the hot sun without fading and withstands the spotting of summer rains. It is very long lasting under all conditions. The plant is medium large and well formed. There is a great amount of foliage, which with the long-lasting blooms gives a wonderful effect. The flowers have 15 stiff, non-burning petals and are blessed with a spicy fragrance. This variety is useful in all garden plantings. It can be depended on for a constant show of color, as it steadily produces good heads of bloom. When grown under the hottest suns, the color has the unusual habit of remaining the same. Red Wings will be particularly useful in difficult positions as well as in the quiet of every garden. Velvety red flowers . . . a spicy fragrance . . . a good-appearing, well-balanced, 3-ft. plant . . . remarkable disease resistance. This is a very popular variety. (Pl. Pat. #1788.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Pinocchio

(Left, Below) Pointed buds of exquisite salmon, flushed gold at the base, open to 1½ in., Hybrid-Tea-shaped blooms of soft clear pink with edges gradually changing to a deeper pink. The first of the famous "Pinocchio Family" is a prolific bloomer! The word "everblooming" seems inadequate . . . as the last flowers in a cluster finish, the first buds are opening on other shoots. This persistent bloom continues all summer long. The artistic sprays of buds and blooms last unusually well and are incomparable for mass or miniature flower arrangements. The 20 to 24-in. plant is extremely hardy. Ample, rich dark foliage is very disease resistant. Pinocchio has an exotic, fruity fragrance. The charm of this Rose, evident when it was first introduced, seems never to fade. Everyone loves it, and its popularity grows steadily with every season. Ideal for borders, beds, masses, etc.

\$1.75 each;
3 for \$4.65;
12 for \$18.60;
25 for \$35.00

Red Pinocchio

(Below) The 3½-in. flowers are borne in large, long-lasting, unfading clusters, with individual blooms scattered between the mass flowerings. Color is a rich dancing carmine, which deepens and acquires a velvety cast as it opens fully. It finishes with the same lovely cup-shaped bloom as its one parent, Pinocchio, and a color that is richer and more handsome than its other parent, Donald Prior. Buds are attractive deep satiny carmine on the outside and a bright carmine on the inside . . . all a lovely picture. The delightful fragrance is reminiscent of wild Roses of the roadside. The bushy, upright plant is rich and vigorous, exceptionally free flowering on long, heavy shoots. It provides a constant display of handsome, full clusters of unfading blooms. (Pl. Pat. #812.)

Garnette

(Right) Anyone who has received a corsage of petite red Roses for that "special occasion" has undoubtedly worn Garnette, for this is one of the Roses most widely used in the florist trade today. No other Rose on the market has more perfect form and long-lasting qualities when cut for indoors. Actually it will last from a week to ten days, and its red "sweetheart" flowers are so desirable that you, too, will want this gem in your garden. Another outstanding feature is its masses of crinkled, holly-like foliage. It reaches a height of only 18 in. and should be placed in the front of your Rose beds. Plant it now and early next spring you will be making your own lovely corsages. Garnette will enhance your garden with its exquisite blooms and neat bush. Almost everyone has seen it displayed at flower shows throughout the nation.

\$1.75 each; 3 for \$4.65; 12 for \$18.60; 25 for \$32.00

AVAILABLE ONLY IN LIMITED QUANTITIES

SUMMER SNOW

The most prolific of white Floribundas. Dainty clear white blooms, 3½ in. across. 20-in., very hardy plant with light green foliage. Sweet, elusive fragrance. Profuse, heavy flower clusters cover the plant like great mounds of snow. Most reliable to blanket any area with immaculate white. Regardless of what you have in your garden, Summer Snow will make it more interesting, with great "drifts" of beautiful large clusters from late June through September.

FIRE KING

1960 All-America Selections Award Winner! Near-looking, brilliant red flowers form 2½ to 3-in. circles of rich color. From blood-red buds to brilliant red flowers, it's a knockout. Heavy-laden clusters or occasionally one or two bright blossoms to a stem. When cut, the vivid bouquets seem to last for ages. The plant grows in fine, lusty, upright style. Notably vigorous, with excellent foliage—dark when mature, with young leaves showing a reddish cast. (Pl. Pat. #1758.)

\$2.50 each;
3 for \$6.60;
12 for \$26.40

SARABANDE

1960 All-America Selections Award Winner! Orient-red, a bright orange-red that's even and clear. Bright yellow stamens make a beautiful color contrast. A semi-double Rose with 12 to 15 petals. The vivid clusters hold their brightness. Its vigor turns to density rather than height. Its color, free blooming, and much-branched habit make it something special. Blooms early and continues all season. Ideal for low hedges and edging. (Pl. Pat. #1761.)

NEW! Pink Garnette

(Right) Here is the newest of the Garnette series of Roses so widely used by florists. With the virtues of its parent, Garnette, this new Floribunda is a lovely deep pink. Almost indestructible as a cut flower, Pink Garnette will last 10 to 12 days. Imagine it in a corsage or boutonniere. Gorgeous 3-in. blooms, long-lasting qualities and the holly-like foliage make it very desirable as a garden Rose. The buds are small and very attractive. Both the buds and the flowers are particularly effective when cut for office, home or hospital use. The 1½ to 2-ft. plant spreads out well. It produces many flowers and loves to be cut. This new Pink Garnette and the red are the original Garnette type which we have used in our hybridizing to achieve greater keeping qualities in many other Floribunda flowers. Our own Rose experts praise Pink Garnette for its good bush, its exquisite buds and blooms, and its exceptional lasting qualities. (Pl. Pat. #913.)

J & P Everblooming Climbers to Drape Over Fences, Por

Don Juan

(Right) True to the traditional hero of Tirso de Molina's drama, Mozart's most perfect opera, and Lord Byron's epic poem, this Pillar Rose constantly surrounds itself with beauty. It is dressed with unusual numbers of velvety red flowers throughout the season. In spring there is a glorious burst of velvety red, 5-in. flowers, carried both in clusters and singly, with a delightful fragrance. The pointed bud is a rich deeper red and excellent for cutting. The flower retains its clean color until the petals drop. All through the summer there is a constant display of the fragrant rich red flowers, not only on the old wood but also on new, tall-growing bottom breaks. The 8 to 10-ft. plant is well covered with dark green lustrous foliage that is highly resistant to mildew. This Climber is becoming very popular as its excellent quality of bloom, its color and fragrance become known. Let this magnificent Rose be a part of your home. Plant Don Juan now to highlight your garden next spring, summer and fall and for many years to come. It does well in any climate. Beautify your home and garden by planting this lovely Climber. It will look well wherever a Climber is appropriate, on a trellis or by the side of the house or garage. It will provide masses of color. (Pl. Pat. #1864.)

Morning Dawn

(Left) As refreshing as the new day is this lovely color. The large, 5-in. flowers are a dewy, silvery rose flushed with salmon, so it is a warm soft pink in all stages. A suffusion of yellow at the base of the petals makes the Rose glow. One of the most fascinating things about this Climber is its unusually large buds, which are about 3 in. long and of the same color and fine texture as the full blooms. Magnificent, fully double blooms appear singly on very long stems. Attractive shiny, dark, holly-like foliage decorates this 6 to 8-ft. pillar. It will fill your garden with its sweet spicy old Rose fragrance. We are sure that it will raise delighted comments from your neighbors. It is the subject of many favorable comments from visitors who come from all over the country to view our famous 17-acre Rose Garden in Newark, New York. Plant Morning Dawn this fall and enjoy its beauty for years to come. It is one of the favorites of gardeners throughout the country. (Pl. Pat. #1447.)

Coral Satin

© J. & P. CO.

Coral Satin (Test No. 5570)

(Left) This new Climber is a lovely plant with dark green, glossy foliage and generous masses of pink-coral flowers that reappear throughout the whole summer and late fall. The unfading flowers reach 4 in. across and are presented in clusters of 4 to 5 blooms. At the end the satiny petals drop off cleanly, giving the plant a perpetually clean, fresh look. There is a light old Rose fragrance that is especially noticeable at midday. Very effective wherever a Climber should be used, yet it is not rampant or unruly in growth. The color blends beautifully in any combination. It is very hardy, having withstood the severe winter of 1958 without any appreciable damage here in our test gardens and throughout the country. It owes its winter resistance to its parents, New Dawn and Fashion, both of which are highly resistant to the freezing cold. The healthy plant attains a height of 6 to 7 ft. and spreads nicely, the flowering shoots reaching out laterally from the main plant. The many friends of the older Climber, New Dawn, will be happy to find a deeper colored hardy descendant. We are proud to present this new Climber to you. Plant it this fall and see for yourself just how beautiful and hardy it is. (Prop. Rights Reserved.)

Royal Gold

(Right) This vigorous, easily managed Climber that blooms the first year it is planted is the yellow Climber you have wanted. Ovoid buds open to gorgeous golden yellow blooms with up to 45 shiny petals and moderate fruity fragrance. These richly colored, enduring flowers reach up to 4 in. across. With the blooming habit of a Floribunda, the flowers are carried in clusters of 3 to 7 and also singly on stems adequate for cutting. Abundant green foliage of moderate size, borne on 4 to 5-ft. canes that develop the first year. Three to four canes will be produced each following year until the plant reaches its majestic height of 5 to 7 ft. Characterized by dependable recurrence of bloom and strong growth, this Pillar Rose never tends to get out of bounds. Very adaptable and extremely hardy. Place it where its full beauty can be realized. We are proud to present it to Rose growers who have hopefully looked for this type and color. (Pl. Pat. #1849.)

Climbing Crimson Glory

(Above) One of the world's most popular Roses in Climber form. For years Crimson Glory has been universally accepted as one of the best, most popular Roses in existence. This climbing form is a vigorous, fast-climbing plant covered with beautifully formed blooms of deep vivid crimson . . . each one on a sturdy stem. The deep red buds are urn shaped and gradually unfold into full, perfectly formed, high-centered blooms.

Completely captivating fragrance . . . so sweet and refreshing that you can't get enough of it. Give your garden unusual splendor and richness; make every post, pillar, fence or wall a sheet of glory by planting this Climber liberally. In sub-zero areas plant it in a sheltered location and have some protection against winter injury. When you plant this magnificent cascading Climber, you add an unequalled touch of splendor to your garden. We are proud to offer it to our many customers and friends. (Pl. Pat. #736.)

\$2.75 each; 3 for \$7.20; 12 for \$28.80

Aloha (Above)

This magnificent rose-pink Climber bursts into bloom from top to bottom with a display of never-to-be-forgotten glory. After this first peak in June, Aloha continues to bloom frequently during the entire season. An unbelievable mass of deep coral-pink buds starts the show. These open to very full, double, perfectly formed blooms of handsome size, often 5 in. across and 3 in. deep. The general effect of a plant in bloom is strong, rich rose-pink with deeper tones in the tight buds and a soft lilac silvery pink on the inside of petals in the open bloom. Unlike most Climbers, Aloha blooms in long-stemmed clusters of buds. The plant is just as superior as the blooms, with very dark, waxy foliage. An occasional stem, 18 in. long or more, with a single bloom of unusual size and rich color will branch out from the main canes. We think this is one of the most nearly perfect Roses of its class. (Pl. Pat. #948.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

SPECTACULAR. (Not illustrated) Enchanting orange-red to spectrum-red clusters last a long time . . . and each of the 4-in. blooms is infused with vigor and freshness. The alluring color does not fade even in 90 and 100-degree temperatures. 6 to 7-ft. canes, higher the next year. Hardy and sturdy. (Pl. Pat. #1416.)

\$2.50 each; 3 for \$6.60; 12 for \$26.40

Climbing Showers

Golden Showers is the answer to the landscapers' dream—a Rose variety that lends itself to landscape treatment as no other ever has. Exquisitely shaped, daffodil-yellow, long-pointed buds and fragrant, high-centered, 4½ to 5 in., open yellow blooms. Almost thornless, with long, bronze cutting stems, Golden Showers makes exciting cut-flower arrangements. Trained as a Climber, it will attain a height of 6 to 8 ft. Or it can be shaped as a bush, with gleaming, golden blooms that invite picking. This hardy Ever-blooming Climber blooms from earliest spring continuously through until

Golden

(Above)

late fall. Even in the short time when the blooms are waiting to burst forth in golden splendor, the plant is magnificently clothed clear to the ground with large, dark green, glossy foliage. Golden Showers is so vigorous that it is highly resistant to Rose diseases such as mildew and black-spot. For the first time in 16 years the coveted national, All-America Rose Selections Award was won by a Pillar and Climbing Rose. It's the prize-winning Climber you'll want to have. Plant it this fall and have it blooming in your garden early next spring and for years to come. (Pl. Pat. #1557.)

12 for \$28.80

Glowing Coral!

© J. & P. CO.

Climbing Coral Dawn

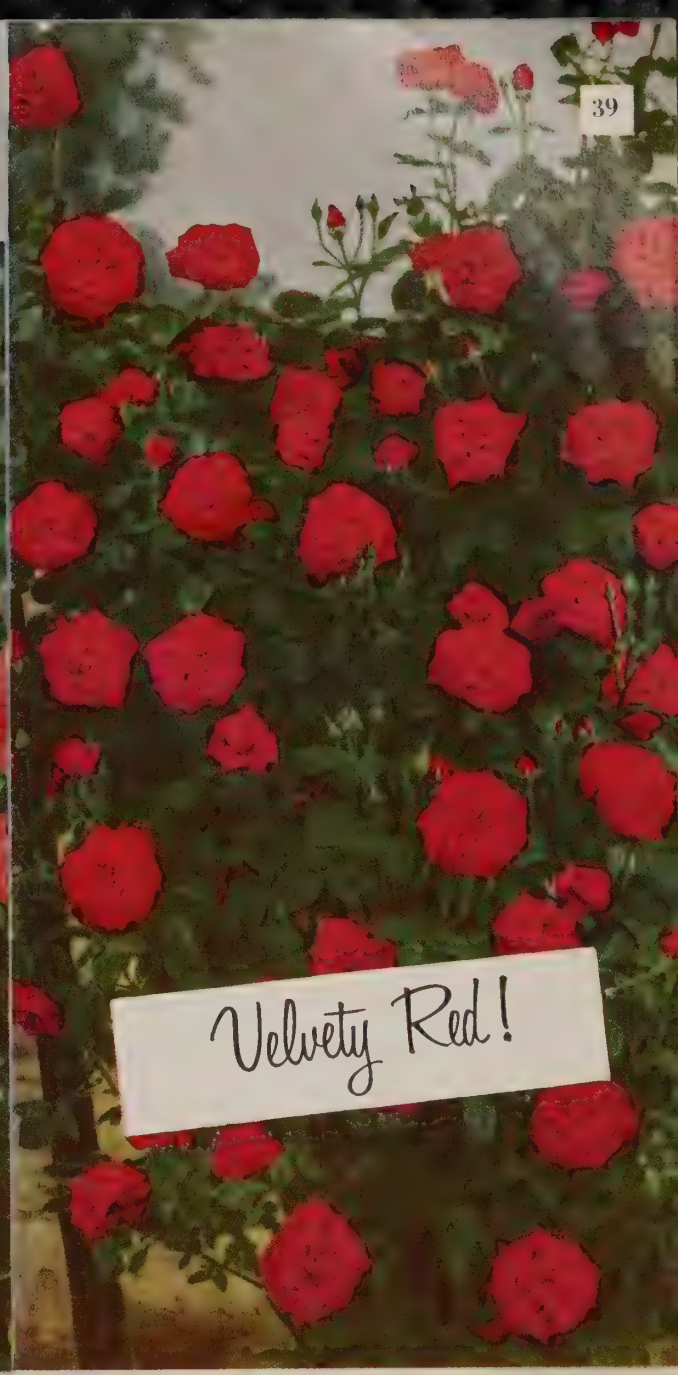

(Above) Here is an Everblooming Climber with a CORAL-PINK color! Yes, a sparkling deep coral-pink . . . so popular in bush Roses. And the color really lasts. The coral tone does not fade at any stage . . . from the dainty pointed buds to the slow-opening, graceful, long-lasting, 4-in. blooms. Color is the main attraction, but it is a superior Climber in every other respect, too. It produces the same repetition of flowering as New Dawn, but the Roses themselves are larger, fuller, more colorful and freely decorate the plant all summer long, in clusters of from 3 to 20 buds. Lustrous, dark, disease-resistant foliage. Very easy to grow and will do extremely well in all regions. The 6 to 8-ft. plant will decorate your garden and home for many years to come. Dress up a pillar, post or your garage with this charming Climber, and use the blossoms in arrangements. (Pl. Pat. #1117.)

Gladiator (Above)

Like the gladiators of old, this superb Climber has incredible endurance. It blooms and reblooms all season. You'd expect to find such huge blooms only on the finest Hybrid Tea; yet Gladiator is noted for its immense, 5-in., high-centered flowers . . . unusually large for a Climber. But size is only part of the story! When you see the brilliant rose-red color—a subtle blend of the brightest scarlet and the softest red—you'll know why this gorgeous Climber is in a class all by itself. You'll be thrilled when scores of exquisite flowers burst into bloom on the 8 to 10-ft. plants, making a beautiful picture in your garden, on your fence, around your house! And Gladiator imparts a pleasant fragrance that is delightful. The large, disease-resistant foliage is an impressive dark emerald-green. So hardy is this Climber that it withstands the battles of zero winter climate. You will enjoy it. (Pl. Pat. #1524.)

The New Blaze will beautify your home like this!

THE NEW BLAZE

**MORE EVERBLOOMING!
ABSOLUTELY GUARANTEED TO
BLOOM IN JUNE-JULY-AUGUST-
SEPTEMBER!**

(Left) These are the brilliant double, red Climbing Roses one sees all over America. You'll be thrilled with the exceedingly

generous blooms in June, July, August and September. Each succeeding year will increase your devotion as the plants become established and the sturdy canes of "old wood" bring the everblooming characteristic to the fore. In this picture the brilliant pillar of glowing red is in complete harmony with the porch. You can have thousands of 2 to 3-in., cupped, scarlet-red flowers on just one plant. Use the new Improved Blaze where its glorious bloom may be fully enjoyed—on fence or garage, pillar or post, at a doorway or on an arch. You'll take great pride in this glorious Climber as you see it blooming in your garden year after year.

\$1.75 each; 3 for \$4.65; 12 for \$18.60

WHERE THE NEW BLAZE CAME FROM . . .

One particular plant that out-bloomed and outperformed all others, blooming constantly during July, August and September, was carefully isolated and used as a stock plant from which to multiply this new strain of Blaze. After years of propagating from this heavily blooming type, we now have the new everblooming strain. You'll see how superior it is.

New Dawn (Right)

One of the hardiest of all Everblooming Climbers! New Dawn repeats its perfect Hybrid-Tea-like blooms continuously all season. Have glorious Roses with the precious pink color of apple blossoms and a delicate appealing old Rose fragrance in profusion, on a plant that is easy to grow, requires little care and takes little ground. The trim, perfectly formed, pointed buds are most artistic in their appeal, superb for use in bouquets and arrangements. They come on fine long stems. These sturdy canes grow rapidly; even one plant makes a gorgeous display on trellis, arbor or fence. Plant New Dawn this fall and you will enjoy its fresh beauty in your garden early next spring, throughout the season and for many seasons to come. New Dawn has been and still is one of the favorite Climbers of American gardeners. Easy to grow, easy to pick and easy to look at. You'll never regret planting it.

Climbing Summer Snow

(Below) Spotless, glistening, glacier-white, double blooms are 2 in. across, with golden stamens that add to the charm of the large clusters in bouquets and arrangements. There are very few thorns. And Climbing Summer Snow is so abundantly generous, one need never hesitate to cut enough for use indoors. It would be bounty enough to have its splendor just for June, but the fragrant white blooms repeat all through summer and fall. The hardy, vigorous plant requires little care and fills out rapidly, growing 8 to 10 ft. tall. Often these are the last flowers in our garden when killing frosts come in November. For a stunning blanket of pure white in your garden, plant Climbing Summer Snow this fall.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

Climbing Summer Snow

© J. & P. CO.

Dr. J. H. Nicolas

(Below) Magnificently large, very double, deeply fragrant blooms, just like Hybrid Teas. And with the immense wealth of thickly clustered flowers so desired in a Climber. Of a beautiful deep rose-pink tone with rich, luxuriant, dark green foliage. Sets a new standard of charm wherever height and glorious color are desired. Immediately after the first flowers fade, the new shoots appear and a galaxy of bloom repeats again and again. Large, fully double blooms reach 5 to 6 in. across and have over 50 petals. Equally delightful in large or small gardens. Especially attractive on posts and pillars, alone or among shrubs, on pergolas, lattices or fences. Wherever a Climber is needed, this fills the bill.

\$2.00 each; 3 for \$5.25; 12 for \$21.00

Climbing Goldilocks

(Below) Here is the truly Everblooming Climbing Yellow Rose! For years gardeners have loved the gorgeous golden color of the Floribunda Goldilocks and its ability to bloom all summer. Now this magnificent Rose can be enjoyed as a Climber. The ovoid, rich golden yellow buds open to 3½-in. flowers, and fresh new buds keep replenishing the effect of a golden yellow mass. Just like the Floribunda, Goldilocks as a Climber also blooms in large clusters. It is extremely vigorous and hardy. It will grow 6 to 10 ft. in one year and will bloom the first year it is planted. Be sure to make a place for this fine Everblooming Climber. Plant it this fall and enjoy its many golden blooms early next spring. (Pl. Pat. #1090.)

Many Start Blooming Next Year!

THOUSANDS of these plants have already set flower-buds this summer. Many bloomed last May. You may have some flowers next spring—you'll have **PLENTY** the following year, and **EVERY YEAR!** Grown the longer way at higher cost (*own-root*, not budded, so wild sucker growth can never come)—for long life, rapid growth, and every-year bloom. Worth ten times as much as old-fashioned kinds.

Loveliest Kinds and Colors. These Six Pictured

- d Paul Thirion.** Bright rich red buds open to an intense rosy claret, revealing beautiful double flowers in enormous clusters. Free bloomer.
- d Pres. Fallieres.** A gorgeous mass of double, rosy lavender flowers, very full with immense spikes. A soft shade of the lovely lilac color.
- s Mme. A. Buchner.** The pinkest of all Lilacs. . . blooms freely. . . with immense single flowers, stately and tall. Blooms in huge clusters that make a striking display in the garden, shrub border, or as a single specimen plant.
- s Pres. Grevy.** Single flowers $\frac{3}{4}$ in. or more across, purplish blue in bud . . . opening to a true blue. It is considered the best of the blues. Very vigorous and early in bloom.
- d Paul Harriot.** Rich glowing purple buds opening to a true royal purple. Large, double flowers. Considered the deepest and darkest of all. The depth of color and rich texture make this a favorite everywhere.
- d Edith Cavell.** Extremely prolific, immense, double flowers of purest alabaster-white. Large, branched panicles; round flowers. Rated as excellent. Late bloomer. A dependable free-blooming white.

DELICIOUS *Full Size* QUICK-BEARING FRUIT ON *Dwarfer* FRUIT TREES!

Why these trees are ideal for you!

Now you can plant Apple trees in even the smallest garden plot and enjoy them all your life without ever crowding out your roses, perennials or other flowers. These amazing midget trees will bear fruit very young. When four years old, they will be in full bearing, with larger, more colorful Apples than you would get from larger trees . . . yet these amazing Dwarfer Dwarf trees grow only 5 to 6 ft. tall and do not interfere with other plants growing around them. Early in the season every branch will be covered with lovely fragrant blooms. So profuse, so handsome, they are a garden decoration in themselves. Ideal for the modest garden where you don't have room for large fruit trees. Trees may be planted as close as 6 ft. apart. Unless there are other trees nearby, plant two or more varieties to be sure of correct pollination.

RED DELICIOUS (Left) Large, dark red with firm, crisp flesh of excellent quality and flavor. It bears regularly.

The tree is perfectly hardy. This favorite is splendid for eating. Red Delicious is the best-known Apple sold at fruitstands.

YELLOW TRANSPARENT

(Not illustrated) One of the finest of the early yellow Apples. Usually ripens the first week in August. Slightly acid flavor.

All Apple Trees
\$3.00 each; 3 for \$8.25

YELLOW DELICIOUS (Not illustrated) Bright golden yellow Apples. Solid, firm meat. Some say it is the best yellow Apple.

JONATHAN

(Not illustrated) A favorite early winter Apple. Brilliant, beautiful red color. One of the very finest for cooking. Grows well.

McINTOSH (Not illustrated) The most popular eating Apple. The tender, crisp flesh is snow-white and just bursting with juice. The Apple all prefer.

NORTHERN SPY (Not illustrated) Bright red, crisp, juicy, delicious. Fine for cooking.

CHOOSE YOUR DWARF PEARS FROM THESE OUTSTANDING VARIETIES!

BARTLETT PEAR

By far the most popular variety of Pear for home use. The fruit is large, golden yellow with reddish tint. The flesh is exceptionally tender and is literally dripping with luscious sweet juice. The trees are very vigorous in growth. Most popular for eating and canning.

\$3.00 each; 3 for \$8.25

SECKEL PEAR

Sweet, juicy, full flavored. The popular small Pear for eating and pickling. Yellowish russet with red cheek. Good to eat, pickle, preserve. Trees are resistant to blight. Ripens latter part of Sept. or early Oct.

June to Frost 4 to 6 in.

SEDUM, ROSY CARPET

(Above) Another dwarf spreading Sedum in a new color—a beautiful deeper pink. A very worthwhile plant for use in borders, sunny dry spots and rock gardens. Grows 4 to 6 in. tall, with plants spreading to 24 in. and covered with a mass of bloom all summer. Grows easily in ordinary garden soil on the dry side, where it receives sun all day.

\$1.00 each; 3 for \$2.50;
6 for \$5.00

Ground Cover 3 to 6 in.

VINCA MINOR (Above) Bowles Variety. The "magic carpet" of ground covers! Myriads of Alice-blue flowers form a delightful pattern against luxuriant evergreen foliage. Far superior to the old *Vinca minor*, it begins to bloom with the violets and repeats all season. Ideal for banks under trees, and other shady spots where grass will not grow. An invaluable plant in any garden.

3 for \$1.00; 10 for \$3.00; 100 for \$25.00

June, July 12 to 18 in.

GYPSOPHILA, ROSY VEIL (Above)

A lower-growing double pink Babys-Breath. Generous in bloom, with airy sprays of delicate pink during June and July. Graceful blue-green foliage. The artistic sprays are invaluable for bouquets. Established plants start to bloom about two weeks earlier than the tall double Gypsophila. A fine border plant growing 12 to 18 in. tall.

85c each; 3 for \$2.25; 6 for \$4.25

HERE'S WHY

"FALL is the BEST Time to Plant Roses + Perennials!"

•HEALTHIER PLANTS

Roses set out now will get their roots well anchored by spring. They will be more vigorous and disease resistant.

•BIGGER BLOOMS

Getting your plants started this fall gives them a good chance to become well established before the first blooming period.

•EARLIER BLOOMS

On the first warm day next spring your new plants will be ready to start into vigorous growth. They will bloom earlier than if you wait until next spring to plant them.

•SOIL IS MELLOW

Soil is mellow and more easy to work in the fall, and bare spots in the garden are more easily discernible.

•EXPERTS AGREE

that fall rains provide moisture just when the plant roots need it most in getting settled in the soil.

46

All Season

36 in.

LYTHRUM, Hybrid Robert

(Above) The $\frac{3}{4}$ -in. florets of rich deep rose-pink with a sparkling glow appear about June 5 and last all summer. The plant grows 36 in. tall, with 14-in. spikes. Does well in semi-shade, in a wet or dry location.

\$1.00 each; 3 for \$2.50;
6 for \$5.00

RUDBECKIA SULLIVANTII.

Oriole (Below) A vivid splash of color during July, Aug. and early Sept. The black and gold, 3 to 4-in. flowers are stunning. Broad, decorative foliage; well-balanced, 2-ft. plants. Does very well in either dry, difficult positions or rich soil. It prefers a sunny spot.

\$1.00 each; 3 for \$2.50;
6 for \$5.00

June-July

2½ ft.

SHASTA DAISY, Wirral Supreme

(Above) Shastas are indispensable, and here is an especially good one—an outstanding example of Jackson & Perkins research. The glistening white flowers are 3 to 3½ in. across, fully double, with their heads held upright on tall wiry stems.

The compact, 2½-ft. plant is absolutely hardy and very decorative in the garden for a long time. These spanking white flowers are especially effective when cut, with good lasting qualities. They combine well with many other flowers. Blooms in June and July and if cut then will produce again in fall. The foliage is light green. (Pl. Pat. #1084.)

\$1.25 each; 3 for \$3.15; 6 for \$6.25

July-Aug.

30 to 36 in.

MONARDA, Croftway Pink (Above) A clear pink Monarda which is a lovely mass of color during some of the most difficult days for the summer gardener. It does well in ordinary garden soil, in moist or dry positions and in sun or semi-shade. Plants should be lifted, divided and re-planted every second spring, as they fill in rapidly. The flowers appear in large heads, the final ones breaking out near the base in late August. Aromatic foliage.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

PHLOX FOR GARDEN GLORY

June-July

2 to 3 ft.

PHLOX, BRIGADIER (Above) A brilliant orange-red color that stops the eye at the slightest glance. One of the taller growing Phlox, it reaches a height of 2½ to 3 ft. Each flower head builds up with many side branches and makes a great showing of color in June and July. This exquisite Phlox is very fragrant.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

July, Aug.

2 to 2½ ft.

PHLOX, WHITE ADMIRAL (Above) Here is a new white Phlox guaranteed to bring more beauty to your garden. It produces enormous, pure white heads, and the continually breaking side branches give an excellent late bloom. Reaches a height of 2 to 2½ ft. and blooms profusely in July and Aug. White Admiral is very fragrant.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

World's Largest Rose Growers

IALS... They Grow from 1½ to 4½ Feet Tall!

May to Fall

30 in.

SALVIA SUPERBA, Purple Glory (Above) A superb new perennial whose royal purple color from May to fall is a rich note in any garden. The tips of the many spikes carry the deeper tones which lighten as the flower expands. 30-in. plants will mature at the same width. In July when the first flowering is finished, tops should be trimmed to encourage the bloom to continue until frost. New shoots spring up to replace the old. Decorative foliage has a pleasing fragrance.

\$1.25 each; 3 for \$3.15; 6 for \$6.25

May-June

28 to 30 in.

ASTILBE, White Gloria

(Left) Wide feathery white spikes of this lovely plant are 28 to 30 in., rising 12 to 15 in. over its attractive foliage. Prefers partial shade. It thrives where few other plants grow. Established plants frequently produce 18 blossoms of high decorative value.

85c each; 3 for \$2.25; 6 for \$4.25

July-Sept.

2½ to 3 ft.

MONARDA, Cambridge Scarlet

(Above) Brilliant scarlet flowers make this a splash of sure-fire color for difficult spots in your garden in either semi-shade or sun. Long a favorite, grown in America during the Revolution, this plant blooms freely in July, Aug. and Sept. Height 2½ to 3 ft. Excellent for cutting. A good plant for wild gardens and city borders. It needs only ordinary soil. It strongly attracts humming birds.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

ACHILLEA, Golden Plate

(Right)

Huge, rich buttercup-yellow flowers 8 in. across, on graceful 4-ft. stems that give a beautiful effect in the garden. It has lovely foliage . . . ideal for flower arrangement. Blooms from June to frost. Plant grows 4½ ft. tall and 2 ft. in diameter. Does well in dry locations with full sun. The Achillea blooms are often used for dried bouquets that last for weeks indoors.

\$1.00 each; 3 for \$2.50; 6 for \$5.00

June-Aug.

30 in.

SHASTA DAISY, Cobham Gold (Above) An excellent, free-growing, double Shasta Daisy, which has a crested golden heart while opening but finishes a soft cream-yellow. The guard petals are creamy white. Fully double, 3¼ to 4-in. flowers are good for cutting. The plant grows 30 in. tall and 30 in. across, blooming from the end of June to early Aug.

\$1.50 each; 3 for \$3.75; 6 for \$7.50

GIANT VIOLAS

BLOOM YEAR AFTER YEAR FROM SPRING TO FROST!

VIOLA, JOHN WALLMARK

(Above) The attractive new Viola with shimmering grayish lavender over-all color laced with violet veinings and splashed with deeper violet tones at the center. It has a pert yellow and white eye. The bloom is almost 2 in. across, and the long stems make it an ideal cut flower. Discovered in Sweden, blooming under the snow in midwinter, which gives an indication of its hardiness. 12 in. high.

85c each; 3 for \$2.25; 6 for \$4.25; 12 for \$8.50; 100 for \$64.00

VIOLA, YELLOW VIXEN

(Above) Hardy everblooming perennial Viola in a bright clear yellow tone that will make your gardens and borders more colorful from early spring to frost. The 2½-in. flowers are borne on upright, 6 to 8-in. stems. Their pert faces are always cheerful, always smiling at you merrily. You will welcome them anywhere. The foliage is a rich dark green. Very vigorous, even through hard winters.

75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$7.50; 100 for \$50.00

VIOLA, PURPLE WALLMARK

(Above) Here is a bright violet-purple form of the famous John Wallmark Viola, which originally came from Sweden. The plant habit and growth are the same, with height at 12 in. and stems from 5 to 6 in. long. The warm, glowing color blends well with other varieties and is set off by a yellow and white eye. Does well in both sun and partial shade and blooms profusely all season long.

85c each; 3 for \$2.25; 6 for \$4.25; 12 for \$8.50; 100 for \$64.00

Happiness

Glorious

Peace

Enchantment

**JACKSON
& PERKINS
FAMOUS**

GIANT DELP

HAPPINESS (Left) Exceptionally large individual florets of warm pink-lavender. Clear blue at the tips of the outer petals. The unusually large spikes are full, firm and sturdy—a joy to behold. We suggest planting in groups of 3 or more with Delphinium Enchantment for fine contrast. Has the vigor and hardiness of the Northern New York strain, with larger florets and greater mass effect. A beautiful addition.

\$1.25 each;
3 for \$3.15;
6 for \$6.25

GLORIOUS (Above) Deep royal purple, by far the darkest and richest of all Delphiniums. This is truly a breathtaking color. The long, beautiful spikes are all-out-at-once in blooming; no shattering until the last buds are fully open. Stems are wiry and strong, holding the majestic spikes on proud display. The plant repeats quickly with its colorful bloom spikes and is always perfectly hardy. 4½ ft. tall.

\$1.00 each;
3 for \$2.50;
6 for \$5.00

PEACE (Above) Here is a handsome variety that is just as desirable as its name. Individual florets are 3½ to 4 in. across. The face of each floret is a clear white with a lovely cream bee. Blooms in June and July. If cut back immediately when it is through blooming, the plant will quickly give another crop of giant flowers. A beautiful variety to plant with other colors. You are sure to like it. Reaches a height of 4 ft.

\$1.50 each;
3 for \$3.75;
6 for \$7.50

"ALL-OUT-AT-ONCE" SPIKES

Handsome, long-lasting, all-out-at-once, 20 to 30-in. spikes with giant all-double flowers closely set on towering 5-ft. spires. Four to six such spikes to a plant in June and July, repeating bloom in the late summer and early fall.

AN IMPROVED RACE

One of our chief aims in developing this new race was

ENCHANTMENT (Above) Light blue. True Delphinium-blue, with white eyes . . . the hybridists' dream. A giant double Delphinium with superb masses of bloom on all-out-at-once spikes. Striking in a white vase. 4 ft. tall.

85¢ each; 3 for \$2.25;
6 for \$4.25

DEBUTANTE (Not illustrated) The chaste white double florets are closely set on the trim spikes, adding to their fine accent effect. A cool and refreshing touch in any garden in July, just when it is needed most. 4 ft. tall.

85¢ each; 3 for \$2.25;
6 for \$4.25

GUARANTEED TO BLOOM!

to provide trim and sturdy stalks not easily blown down by the wind . . . yet not cumbersome and stiff in bouquets. You will find that J&P Delphiniums do not need staking in most localities.

This Northern New York strain reaches these ideals and still has kept all the exquisite grace and charm of Delphiniums at their best. Plant them in threes, fives or dozens for dramatic color effects.

GAYETY (Not illustrated) A dainty color that is most pleasing—pinkish lavender with outer petals blue. Unique color display that will remind you of "lavender and old lace." Side shoots prolong the blooms for several weeks. 5 ft. tall.

85c each; 3 for \$2.25;
6 for \$4.25

PINK GLOW (Above) A large-flowered variety with the new dark rose-pink florets with lilac shadings. The flowers have white eyes. Blooms in June and July and again in August and September if properly cut back. 4 ft. tall.

\$1.50 each; 3 for \$3.75;
6 for \$7.50

FREEDOM (Above)

White, with black-and-white bees. The long-lasting spikes are set with large, double florets and bloom again in late summer if cut back after the early crop. Will "pep up" any garden, for it has real character. This variety is in great demand because it is an excellent color to accent a perennial border. Stunning in all-white bouquets or in combination with bright colors. 4½ to 5 ft. tall. Striking in groups or with other Delphinium hybrids.

85c each; 3 for \$2.25;
6 for \$4.25

DELIGHTFUL (Above)

Deep blue. The rare, real all-blue, in the darker shades so hard to get. Particularly effective because it is so good with other colors. It furnishes a glorious background for lower-growing flowers. 5 ft. tall. This is what you have in mind when you speak of dark, rich "Delphinium-blue." It is a glorious color badly needed in most perennial plantings. Be sure to cut back the plant after its first blooming period so that it will repeat later.

85c each; 3 for \$2.25;
6 for \$4.25

LOVELINESS (Right)

Immense, semi-double florets 3½ to 4 in. across. Each floret is a beautiful orchid-lavender color with a white center and accentuated on the far edges with tiny points of sea-blue. The full flower spikes furnish a dramatic accent in any group planting. Height 4 to 4½ ft. It will repeat rapidly in the summer months and will be lovely again in the fall. Superb for a border where its full beauty may be enjoyed. We recommend it highly.

\$1.50 each;
3 for \$3.75;
6 for \$7.50
